## ROLE OF AND GUIDING PRINCIPLES FOR EMPLOYEES

This series of the board policy manual is devoted to the board's goals and objectives for employees in the performance of their jobs. Employees provide a variety of important services for the children of the school district community. They may be teaching or assisting in the classroom, working in the office, maintaining the facilities, driving or repairing the school buses, or cooking lunches. Each employee plays a vital role in providing an equal opportunity for a quality education for students commensurate with the students' individual needs. While the teachers have the most direct impact on the formal instruction of students, all employees have an impact on the school environment by their dedication to their work and their actions. As role models for the students, employees shall promote a cooperative, enthusiastic, and supportive learning environment for the students.

In striving to achieve a quality education program, the board's goal is to obtain and retain qualified and effective employees. The board shall have complete discretion to determine the number, the qualifications, and the duties of the positions and the school district's standards of acceptable performance. It shall be the responsibility of the superintendent to make recommendations to the board in these areas prior to board action. The board recognizes its duty to bargain collectively with duly certified collective bargaining units.

Board policies in this series relating to general employees shall apply to employees regardless of their position as a certificated employee, support staff, substitute or administrator. Board policies relating to certificated employees shall apply to positions that require a teaching license or administrator's certificate or other professional license, certificate or endorsement, unless administrative positions are specifically excluded from the policy. Support staff policies included in this series shall apply to positions that do not fall within the definition of certificated employee.

**B. Prohibited Harassment, Discrimination, and Retaliation of Employees, Students and Others.****1. Purpose:**

The Scribner-Snyder Community Schools is committed to offering employment and educational opportunities to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination, harassment or retaliation of any kind by District

employees, including, co-workers, non-employees (such as volunteers), third parties, and others is strictly prohibited and will not be tolerated.

Harassment is a form of discrimination and includes verbal, non-verbal, written, graphic, or physical conduct relating to a person's sex, disability, race, color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, that is sufficiently serious to deny, interfere with, or limit a person's ability to participate in or benefit from an educational or work program or activity, including, but not limited to:

- a. Conduct that is sufficiently severe or pervasive to create an intimidating, hostile, or abusive educational or work environment, or
- b. Requiring an individual to endure the offensive conduct as a condition of continued employment or educational programs or activities, including the receipt of aids, benefits, and services.

Educational programs and activities include all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school's facilities, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.

Discriminatory harassment because of a person's sex, disability, race, color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, may include, but is not limited to:

- a. Name-calling,
- b. Teasing or taunting,
- c. Insults, slurs, or derogatory names or remarks,
- d. Demeaning jokes,
- e. Inappropriate gestures,
- f. Graffiti or inappropriate written or electronic material,
- g. Visual displays, such as cartoons, posters, or electronic images,
- h. Threats or intimidating or hostile conduct,
- i. Physical acts of aggression, assault, or violence, or
- j. Criminal offenses

The following examples are additional or more specific examples of conduct that may constitute sexual harassment:

- a. Unwelcome sexual advances or propositions,
- b. Requests or pressure for sexual favors,
- c. Comments about an individual's body, sexual activity, or sexual

- attractiveness,
- d. Physical contact or touching of a sexual nature, including touching intimate body parts and inappropriate patting, pinching, rubbing, or brushing against another's body,
  - e. Physical sexual acts of aggression, assault, or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking), against a person's will or where a person is incapable of giving consent due to the victim's age, intellectual disability, or use of drugs or alcohol,
  - f. Requiring sexual favors or contact in exchange for aids, benefits, or services, such as grades, awards, privileges, promotions, etc., or
  - g. Gender-based harassment; acts of verbal, nonverbal, written, graphic, or physical conduct based on sex or sex-stereotyping, but not involving conduct of a sexual nature.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

## **2. Anti-retaliation:**

The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others, that they are

protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment, or retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

### **3. Grievance (or Complaint) Procedures:**

Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination. If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators.

Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

#### *i. Level 1 (Investigation and Findings):*

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will promptly investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and

allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District's investigation.

The District will aim to complete its investigation within **ten (10) working days** after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. If extenuating circumstances exist, the extended timeframe to complete the investigation will **not exceed ten (10) additional working days without the consent of the complainant, unless the alleged victim agrees to a longer timeline.** Periodic status updates will be given to the parties, when appropriate.

The District's investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct was unwelcome, 2) the surrounding circumstances, expectations, and relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.
- d. A review of the evidence using a "preponderance of the evidence" standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. Findings regarding whether discrimination, harassment or other

- inappropriate conduct occurred, and
- c. If a finding is made that discrimination, harassment or other inappropriate conduct occurred, the recommended remedy or remedies necessary to eliminate such discrimination, harassment or other inappropriate conduct.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made. The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within **one (1) working day** after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. Sec. 11232g; 34 C.F.R. Part 99, permits the District to disclose relevant information to a student who was discriminated against or harassed.

*ii. Level 2 (Appeal to the Superintendent):*

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent within **five (5) working days** after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal **within ten (10) working days** after receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

*iii. Level 3 (Appeal to the Board):*

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education **within five (5) working days** after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at a Board meeting to present his or her appeal. The party will be allowed to address the Board at the Board's next regularly scheduled Board meeting (unless the Board receives the appeal within one week of the next regularly scheduled Board meeting) or at a time and date agreed to by the Board, designated compliance officer

and the party. The Board will issue a written determination about the appeal **within thirty (30) days** after the party addresses the Board. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

#### **4. Confidentiality:**

The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted.

#### **5. Training:**

The District will ensure that relevant District employees are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees.

In addition, the District shall ensure that employees designated to address or investigate discrimination, harassment, and retaliation, including designated compliance coordinators, receive training to promptly and effectively investigate and respond to complaints and reports of discrimination, and to know the District's grievance procedures and the applicable confidentiality requirements.

#### **6. Designated Compliance Coordinators:**

Designated compliance coordinators will be responsible for:

- a. Coordinating efforts to comply with anti-discrimination, anti-harassment, and anti-retaliation laws and regulations.

- b. Coordinating and implementing training for students and employees pertaining to anti-discrimination, anti-harassment and anti-retaliation laws and regulations, including the training areas listed above.
- c. Investigating complaints of discrimination (unless the coordinator designates other trained individuals to investigate).
- d. Monitoring substantiated complaints or reports of discrimination, as needed (and with the assistance of other District employees, if necessary), to ensure discrimination or harassment does not recur, and that retaliation conduct does not occur or recur.
- e. Overseeing discrimination complaints, including identifying and addressing any patterns or systemic problems, and reporting such patterns or systemic problems to the Superintendent and the Board of Education.
- f. Communicating regularly with the District's law enforcement unit investigating cases and providing current information to them pertaining to anti-discrimination, anti-harassment, and anti-retaliation standards and compliance requirements.
- g. Reviewing all evidence in harassment or violence cases brought before the District's disciplinary committee or administrator to determine whether the complainants are entitled to a remedy under anti-discrimination laws and regulations that was not available in the disciplinary process.
- h. Ensuring that investigations address whether other students or employees may have been subjected to discrimination, including harassment and retaliation.
- i. Determining whether District employees with knowledge of allegations of discrimination, including harassment and retaliation, failed to carry out their duties in reporting the allegations to the designated compliance coordinator and responding to the allegations.
- j. Recommending changes to this policy and grievance procedure.
- k. Performing other duties as assigned.

**7. Preventive Measures:**

The District will publish and widely distribute on an ongoing basis a notice of nondiscrimination (notice) in electronic and printed formats, including prominently displaying the notice on the District's website and posting the notice at each building in the District. The District also will designate an employee to coordinate compliance with antidiscrimination laws (see Designated Compliance Coordinator section, above, for further information on compliance coordinator), and widely publish and disseminate this grievance procedure, including prominently posting it on the District's website, at each building in the District, reprinting it in District publications, such as handbooks, and sending it electronically to members of the school community.

The District also may distribute specific harassment and violence materials (such as sexual violence), including a summary of the District's anti-discrimination, anti-harassment, and anti-retaliation policy and grievance procedure, and a list of victim resources, during events

such as school assemblies and back to school nights, if recent incidents or allegations warrant additional education to the school community.

### EMPLOYEE CONFLICT OF INTEREST

Employees' use of their position with the school district for financial gain shall be considered a conflict of interest with their position as employees and may subject employees to disciplinary action.

Employees have access to information and a captive audience that could award the employee personal or financial gain. No employee may solicit other employees or students for personal or financial gain to the employee or employee's spouse without the approval of the superintendent. If the approval of the superintendent is given, the employee must conduct the solicitations within the conditions set by the superintendent. Further, the superintendent may require the employee to immediately cease such solicitations as a condition of continued employment.

Employees shall not act as an agent or dealer for the sale of textbooks or other school supplies. Employees shall not participate for personal financial remuneration in outside activities wherein their position on the staff is used to sell goods or services to students or to parents. Employees shall not engage in outside work or activities where the source of information concerning the customer, client or employer originates from information obtained because of the employee's position in the school district.

It shall also be a conflict of interest for an employee to engage in any outside employment or activity which is in conflict with the employee's official duties and responsibilities. In determining whether outside employment or activity of an employee creates a conflict of interest, situations in which an unacceptable conflict of interest shall be deemed to exist shall include, but not be limited to, any of the following:

1. The outside employment or activity involves the use of the school district's time, facilities, equipment and supplies or the use of the school district's badge, uniform, business card or other evidences of office to give the employee or the employee's immediate family an advantage or monetary benefit that is not available to other similarly situated members or classes of members of the general public. For purposes

of this section, a person is not "similarly situated" merely by being related to an employee who is employed by the school district.

2. The outside employment or activity involves the receipt of, promise of, or acceptance of more or other consideration by the employee or a member of the employee's immediate family from anyone other than the school district for the performance of any act that the employee would be required or expected to perform as part of the employee's regular duties or during the hours during which the employee performs service or work for the school district.

4. The outside employment or activity is subject to the official control, inspection, review, audit or enforcement authority of the employee during the performance of the employee's duties.

If the outside employment or activity is employment or activity in (1) or (2) above, the employee must cease the employment or activity. If the activity or employment falls under (3), then the employee must:

- Cease the outside employment or activity; or
- Publicly disclose the existence of the conflict and refrain from taking any official action or performing any official duty that would detrimentally affect or create a benefit for the outside employment or activity. Official action or official duty includes, but is not limited to, participating in any vote, taking affirmative action to influence any vote, or providing any other official service or thing that is not available generally to members of the public in order to further the interests of the outside employment or activity.

It shall be the responsibility of each employee to be aware of and take the necessary action to eliminate a potential conflict of interest should it arise.

## EMPLOYEE GRIEVANCES

Complaints of employees against fellow employees should be discussed directly between employees. If necessary, complaints shall be brought directly to the immediate supervisor, principal or superintendent and shall be made in a constructive and professional manner. Complaints shall never be made in the presence of other employees, students or outside persons.

## EMPLOYEE RECORDS

The school district shall maintain personnel records on employees. The records are important for the daily administration of the educational program, for implementing board policy, for budget and financial planning, and for meeting state and federal requirements.

The records shall include, but not be limited to, records necessary for the daily administration of the school district, salary records, evaluations, application for employment, references, and other items needed to carry out board policy. Employee personnel files are school district records and are considered confidential records and therefore are not generally open to public inspection or accessibility. Only in certain limited instances, when the employee has given a signed consent, will employee personnel records be accessible to individuals other than the employee or authorized school officials.

The district will not use or require the use of more than the last four digits of an employee's social security number for:

1. Public posting or display to the general public or an employee's coworkers.
2. Transmission over the internet except on a secure or encrypted connection.
3. Accessing an Internet web site unless a password, personal identification number or other unique authentication is required.
4. Use as an employee number for any type of employment-related activity.

The district may use more than the last four digits of an employee's social security number only for:

1. Compliance with state or federal laws, rules or regulations.
2. Voluntary commercial transactions entered into by the employee with the district for the purchase of goods or services.
3. Internal administrative purposes including providing the number to third parties for such purposes as administration of personnel benefits and employment screening and staffing. However, the following internal administrative purposes do not permit use of employee social security numbers:
  - A. As an identification number for occupational licensing.

- B. As an identification number for drug-testing purposes except when required by state or federal law.
- C. As an identification number for district meetings.
- D. In files accessible by any temporary employee unless the temporary employee is bonded or insured under a blanket corporate surety bond or equivalent commercial insurance.
- E. For posting any type of district information.

Employees may have access to their personnel files, with the exception of letters of reference, and copy items from their personnel files at a time mutually agreed upon

between the superintendent and the employee. The school district may charge a reasonable fee for each copy made. However, employees will not be allowed access to the employment references written on behalf of the employee. Board members will generally only have access to an employee's file when it is necessary and legally allowed because of an employee related matter before the board.

It shall be the responsibility of the superintendent to keep employees' personnel files current. The copy of the employee's records kept at the superintendent's office is the official copy of their records.

It shall be the responsibility of the superintendent to develop administrative regulations for the implementation of this policy.

## EMPLOYEE TRAVEL COMPENSATION

Employees traveling on behalf of the school district and performing approved school district business will be reimbursed for their actual and necessary expenses. Actual and necessary travel expenses shall include, but not be limited to, transportation and/or mileage costs, lodging expenses, meal expenses and registration costs.

It is the policy of the board to pay the actual and necessary expenses incurred by employees at educational workshops, conferences, training programs, official functions, hearings, or meetings, whether incurred within or outside the boundaries of the local government, to include:

1. Registration costs, tuition costs, fees, or charges;
2. Mileage at the current district reimbursement rate or actual travel expense if travel is authorized by commercial or charter means; and
3. Meals and lodging as approved in advance by the superintendent.

Prior to reimbursement of actual and necessary expenses, the employee must submit a detailed receipt indicating the date, purpose and nature of the expense for each claim item. A credit card receipt is generally not considered a detailed receipt. Failure to provide a detailed receipt shall make the expense non-reimbursable.

## RECOGNITION FOR SERVICE OF EMPLOYEES AND OTHERS

The board recognizes and appreciates service given to the district. Employees, board members, volunteers or others associated with the operations of the district may be honored by the board, administration and staff in an appropriate manner by the awarding of plaques, certificates of achievement, flowers or memorials in times of bereavement, or items of value.

If the form of recognition thought appropriate by the administration and employees involves unusual expense to the school district, the superintendent shall seek prior approval from the board. Any expenditure for recognition of service shall be limited to \$100 per individual per occasion.

The district may authorize, upon a majority vote of the entire board, one recognition dinner each year for elected and appointed officials, employees, or volunteers of the district. In the event that a recognition dinner is authorized by board action, whether for elected and appointed officials, employees, or volunteers jointly or separately, the maximum cost which may be authorized by the board for such dinners shall not exceed \$50 per elected or appointed official, employee, or volunteer in attendance.

1. due to time and distance factors, nourishment may be provided to school board members, employees and volunteers attending public meetings and other appropriate situations with other governing bodies.
2. items of nourishment may be provided to individuals attending public, private and discussion meetings or public or private conferences. The superintendent will determine this need in the best interest of this school district.
3. items of nourishment, non-alcoholic beverages and meals may be provided for individuals while or following acts of performing relief, assistance or support in emergency situation as approved by the school board.

The expenditure of public funds to pay for expenses incurred by a spouse of a board member, employee or volunteer unless such are also a board member, employee or volunteer are not authorized under this policy.

## COMMUNICATIONS WITH EMPLOYEES

The Board desires to maintain open communication channels between itself and the staff. The basic line of communication will be through the superintendent. The superintendent will develop and recommend to the Board processes for communications between the Board and district employees.

Communications or reports to the Board or Board committee from any staff member or members should be submitted through the superintendent. This procedure will not be construed as denying the right of any employee to address the Board about issues which are neither part of an active administrative procedure, nor disruptive to the operation of the district.

All official communications, policies and directives of staff interest and concern will be communicated to staff members through the superintendent. The superintendent will communicate as appropriate to keep staff fully informed of the Board's concerns and actions. This does not exclude communications through district committees and committee appointments.

Professional Boundaries Between Employees and Students

All employees are expected to observe and maintain professional boundaries between themselves and students. A violation of professional boundaries will be regarded as a form of misconduct and may result in disciplinary action.

The following non-exclusive list of actions will be regarded as a violation of the professional boundaries that employees are expected to maintain with a student:

- Using e-mail, text messaging, instant messaging or social networking sites to discuss with a student a matter that does not pertain to school-related activities, such as the student's homework, class activity, school sport or club, or other school-sponsored activity. Electronic communications with students are to be sent simultaneously to multiple recipients, not to just one student, except where the communication is clearly school-related and inappropriate for persons other than the individual student to receive (for example, e-mailing a message about a student's grades).
- Engaging in social-networking friendships with a student on social networking sites. Material that employees post on social networks that is publicly available to those in the school community must reflect the professional image applicable to the employee's position and not impair the employee's capacity to maintain the respect of students and parents or impair the employee's ability to serve as a role model for children. Employees shall not friend or follow students on any social networking site.
- Engaging in sexual activity, a romantic relationship, or dating a student or a former student within one year of the student graduating or otherwise leaving the District.
- Making any sexual advance - verbal, written, or physical - towards a student.
- Showing sexually inappropriate materials or objects to a student.
- Discussing with a student sexual topics that are not related to a specific curriculum.
- Telling sexual jokes to a student.
- Invading a student's physical privacy (e.g., walking in on the student in a restroom).

- Hugging or other physical contact with a student that is initiated by the employee when the student does not seek or want this attention.
- Being overly "touchy" with a specific student.
- Allowing a specific student to get away with misconduct that is not tolerated from other students, except as appropriate for students with an IEP or 504 Plan.
- Discussing with the student the employee's problems that would normally be discussed with adults (e.g., marital problems).
- Giving a student a ride in the employee's personal vehicle without express permission of the student's parent or school administrator unless another adult is in the vehicle.
- Taking a student on an outing without obtaining prior express permission of the student's parent or school administrator.
- Inviting a student to the employee's home without prior express permission of the student's parent and school administrator.
- Going to the student's home when the student's parent or a proper chaperone is not present.
- Giving gifts of a personal nature to a specific student.
- Discussing alcohol, tobacco or other illicit drugs in a non-instructional setting, such as describing a party that the employee attended.
- Discussing another student's or employee's personal matters when it is not appropriate outside of the instructional setting.
- "Grooming," which includes building trust with a student and individuals close to the student in an effort to gain access to and time alone with the student, with the ultimate goal of engaging in sexual contact or sexual penetration with the student, regardless of when in the student's life the sexual contact or sexual penetration would take place.

Appropriate exceptions are permitted to the foregoing for legitimate health or educational purposes and for reasons of family relationships between employees and their children who are students in the District. A staff member seeking an exception must receive advance approval from his or her administrator. If a staff member is unable to communicate with an administrator in advance (such as in the event of an emergency), the staff member must notify the administrator as soon as possible, but not later than 24 hours immediately following the event.

Any person who suspects a District employee of engaging in any prohibited conduct under this policy, including grooming, should contact the Superintendent as soon as practical.

An employee who violates this policy may face discipline, up to and including termination of employment, and may be referred to the appropriate certification or credentialing agencies for

further discipline.

A violation of this policy will result in referral to the Department of Health and Human Services, law enforcement, or both.

## ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

### **Definition of Physical Abuse**

Physical abuse is non-accidental physical injury to the student as a result of the action of an employee. Injury occurs when evidence of it is still apparent at least twenty-four hours after its occurrence. The following do not constitute physical abuse, and no employee is prohibited from:

1. Using reasonable and necessary force, not designed or intended to cause pain:
  - a) To quell a disturbance or prevent an act that threatens physical harm to any person.
  - b) To obtain possession of a weapon or other dangerous object within a pupil's control.
  - c) For the purposes of self-defense or defense of others as provided for in Neb. Statute 281409 and 1410.
  - d) For the protection of property as provided for in Neb. Statute 28-1411.
  - e) To remove a disruptive pupil from class, or any area of school premises or from school-sponsored activities off school premises.
  - f) To prevent a student from the self-infliction of harm.
  - g) To protect the safety of others.
  
2. Using incidental, minor, or reasonable physical contact to maintain order and control. In determining the reasonableness of the contact or force used, the following factors shall be considered:
  - a) The nature of the misconduct of the student, if any, precipitating the physical contact by the school employee.
  - b) The size and physical condition of the student.
  - c) The means or device used in making the physical contact.
  - d) The motivation of the school employee in initiating the physical contact.
  - e) The extent of injury to the student resulting from the physical contact.

"Reasonable force" is that force and no more which a reasonable person, in like circumstances, would judge to be necessary to prevent an injury or loss and can include deadly force if it is reasonable to believe that such force is necessary to avoid injury or risk to one's life or safety or the life or safety of another, or it is reasonable to believe that such force is necessary to resist a like force or threat.

Approved \_\_\_\_\_ Reviewed \_\_\_\_\_ Revised \_\_\_\_\_

### **Definition of Sexual Abuse**

Sexual abuse is defined as including sexual acts involving a student, acts that encourage the student to engage in prostitution, inappropriate, intentional sexual behavior or physical manifestations of sexual harassment by the employee toward a student. "Sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

1. Submission to the conduct is made either implicitly or explicitly a term or condition of the student's education or benefits;
2. Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or
3. The conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile or offensive education environment.

### **Complaint Procedure**

An individual who believes he/she has been abused shall notify \_\_\_\_\_, the designated investigator. The alternate investigator is \_\_\_\_\_. The investigator may request that the individual complete the Abuse Complaint form. Information received during the investigation shall be kept confidential to the extent possible.

The investigator, with the approval of the superintendent, or the superintendent has the authority to initiate a harassment investigation in the absence of a written complaint. The investigator shall have access to the educational records of the student and access to the student for purposes of interviewing the student about the report.

When abuse is reported, the investigator shall make copies of the report and give a copy to the person filing the report, the students' parents and the immediate supervisor of the employee named in the report. The employee named in the report shall not receive a copy of the report until the employee is initially interviewed.

The investigator shall use discretion in handling the information received regarding an investigation of abuse by an employee, and those persons involved in the investigation shall not discuss information regarding the complaint outside the investigation. The entire investigative procedure will be thoroughly explained, including the confidential nature of the proceedings, to the student and other persons involved in the investigation.

The investigator shall notify the parent, guardian or legal custodian of a student of the date and time of the interview and of the right to be present or to see and hear the interview or send a representative in the parent's place. The investigator shall interview the student as soon as

possible, but in no case later than five days from the receipt of a report or notice of the allegation of sexual abuse. The investigator may record the interview electronically.

It is the responsibility of the investigator to determine whether it is more likely than not that an incident took place between the employee and the student. If the investigator believes the employee committed a sex act with a student or sexually exploited a student, the investigator shall defer the investigation and immediately notify law enforcement officials, the superintendent, the student's parents and the person filing the report.

The designated investigator shall not interview the school employee named in a report of abuse until after a determination is made that jurisdiction exists, the alleged victim has been interviewed and a determination made that the investigation will not be deferred.

If the investigator determines an incident occurred, while not an illegal sex act with a student or sexual exploitation of a student, but where the employee engaged in inappropriate, intentional sexual behavior, further investigation is warranted. If further investigation is warranted, the investigator may proceed to interview the employee and other individuals who may have knowledge of the circumstances contained in the report. Prior to interviewing other individuals who may have knowledge of the circumstance contained in the report, the investigator shall provide notice of the impending interview of student witnesses or the student to their parent, guardian, or legal custodian prior to interviewing those students.

Within five days of receipt of an investigable report, the investigator shall complete an informal investigation. The informal investigation shall consist of interviews with the student, the employee and others who may have knowledge of the alleged incident. If the investigator determines that the allegations in the report are founded and that immediate and professional investigation is necessary, the investigator may defer further investigation and contact appropriate law enforcement officials, the student's parents and the person filing the report.

Within fifteen days of receipt of the report, the investigator shall complete a written investigative report, unless the investigation was temporarily deferred. The written investigative report shall include:

1. The name, age, address and attendance center of the student named in the report.
2. The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
3. The name and work address of the employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator's opinion, the allegations in the report are either:

- Unfounded. (It is not likely that an incident, as defined in district rules, took place), or
  - Founded. (It is likely that an incident took place.)
- 8. The applicability of exceptions to the investigated incident, or reason for the contact or force used.
- 9. A statement that, in the investigator's opinion, any physical contact that occurred was:
  - Appropriate. (Actions not requiring any disciplinary process), or
  - Inappropriate. (Actions invoking a disciplinary process as defined in district rules).
- 10. The disposition or current status of the investigation and recommendations regarding the need for further investigation.
- 11. A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
  - Contacting law enforcement officials.
  - Contacting private counsel for the purpose of filing a civil suit or complaint.
  - Filing a complaint with the Nebraska Professional Practices Commission if the employee is a certificated employee.

The investigator shall retain the original and provide a copy of the written investigative report to the school employee named in the report, the employee's supervisor, the superintendent and the student's parent or guardian. The person filing the report, if not the student's parent or guardian, shall be notified only that the investigation has been concluded and of the disposition or anticipated disposition of the case.

If the investigator's report or law enforcement officials conclude the case involved founded physical or sexual abuse by a certificated employee, or the employee admits the violation, or the employee has surrendered the employee's certificate or license, the investigator shall file a complaint on behalf of the district after obtaining the superintendent's signature with the Nebraska Professional Practices Commission. The investigator shall also arrange for counseling services for the student if the student or student's parents request counseling services. Information of unfounded abuse shall not be put in the employee's personnel file.

## GIFTS TO EMPLOYEES

Pupils and patrons are discouraged from giving personal gifts to school personnel. If gifts are offered, school personnel should minimize such an act and not give publicity or public recognition to such gifts. Any gift of more than \$\_\_\_\_\_ approximate value shall be returned with the employee's explanation that such gifts are not allowed by board policy.

On occasion, companies and/or business will give gifts with orders from the school district. Any gift of this nature will become the property of the district if the value is over \$\_\_\_\_\_ . The gift will be reported to the school administration and a decision will be made on the dispensation.

## PUBLIC COMPLAINTS ABOUT EMPLOYEES

The board recognizes situations may arise in the operation of the school district which are of concern to parents and other members of the school district community. While constructive criticism is welcomed, the board desires to support its employees and their actions to free them from unnecessary, spiteful, or negative criticism and complaints that do not offer advice for improvement or change.

While speakers may, during public meetings, offer objective criticism of school operations and programs, the board will not hear personal complaints concerning district personnel nor against any person connected with the school system unless that complaint is an agenda item having followed the process described below. To do so could expose the board to a charge of being party to slander and would prejudice any necessity to act as the final review of administrative recommendations regarding the matter. The board president will direct the patron to the appropriate means for board consideration and disposition of legitimate complaints involving individuals.

The board firmly believes concerns should be resolved at the lowest organizational level by those individuals closest to the concern. Whenever a complaint or concern is brought to the attention of the board it will be referred to the administration to be resolved. Prior to any board consideration however, the following should be completed:

1. Matters concerning an individual student, teacher, or other employee should first be addressed to the teacher or employee.
2. Unsettled matters from (1) above or problems and questions about individual attendance centers should be addressed to the employee's building principal for certificated employees and the superintendent for support staff. At this level, if requested by the administrator, the complainant shall put the complaint in writing.
3. Unsettled matters regarding certificated employees from (2) above or problems and questions concerning the school district should be directed to the superintendent.
4. If a matter cannot be settled satisfactorily by the superintendent, it may then be brought to the board in writing. The board will follow policy 1005.01 in handling public complaints.

## EMPLOYEE USE OF SOCIAL NETWORKS

The Superintendent and Administrative Team will annually remind staff members and orient new staff members concerning the importance of maintaining proper decorum in the on-line, digital world as well as in person. Employees must conduct themselves in ways that do not distract from or disrupt the educational process. The orientation and reminders will give special emphasis to:

1. Improper fraternization with students using Facebook and similar internet sites or social networks, or via cell phone, texting or telephone.
  - A. Teachers and other adult staff will not list current students as “friends” on networking sites.
  - B. All e-contacts with students should be through the district’s computer and telephone system, except emergency situations.
  - C. All contact and messages by coaches with team members shall be sent to all team members, except for messages concerning medical or academic privacy matters, in which case the messages will be copied to the athletic director and the principal.
  - D. Inappropriate contact via e-mail or phone is prohibited.
2. Inappropriateness of posting items with sexual content
3. Inappropriateness of posting items exhibiting or advocating use of drugs and alcohol
4. Examples of inappropriate behavior from other districts, as behavior to avoid
5. Monitoring and penalties for improper use of district computers and technology
6. The possibility of penalties, including dismissal from employment, for failure to exercise good judgment in on-line conduct.

All online communication by District employees using District resources, or on behalf of the District, is subject to District policies. Employees shall maintain a standard of professional responsibility and conduct, realizing their online actions at work and at home represent the District.

The network systems administrator may periodically conduct internet searches to see if teachers have posted inappropriate materials on-line. When inappropriate use of computers and websites is discovered, the Principals and Superintendent will promptly bring that inappropriate use to the attention of the staff member and may consider and apply disciplinary action up to and including termination.

## GUIDELINES FOR EMPLOYEE USE OF SOCIAL NETWORKS

1. Know and follow District policies and regulations relating to online communications.
2. District employees are personally responsible for the content they publish on blogs, wikis or any other form of user-generated media. Remember that what you publish will be public for a long time—protect your privacy.
3. Anonymity or false screen names should only be used in personal, non-work related online communications. Identify yourself, and when relevant, your District, when you discuss professional matters. Write in the first person. You must make it clear that you are speaking for yourself and not on behalf of the District.
4. If you publish content to a website and it has something to do with work you do or subjects associated with your District, use a disclaimer such as this: "The postings on this site are my own and don't necessarily represent my District's positions, policies or practices."
5. Respect copyright, fair use and financial disclosure laws. When you do use material from others, where possible link back to the source.
6. Never provide confidential or other proprietary information about your District, your students, or your co-workers. Ask permission prior to publishing or reporting on conversations that are meant to be, or might be assumed to be, private or internal to the District and your work.
7. Be particularly aware of student privacy laws including FERPA.
8. Don't cite or reference fellow staff members, administrators, parents, volunteers, suppliers, or others associated with the District without their approval.
9. Always maintain professional standards. Absolutely never use ethnic slurs, personal insults, obscenity, or engage in any conduct that would not be acceptable in the workplace. You should also show proper consideration for others' privacy and for topics that may be considered objectionable or inflammatory—such as politics and religion.
10. Find out who else is blogging or publishing on the topic, and cite them.
11. Be aware of your professional responsibilities with online social networks. When you identify yourself as an educator, ensure your profile and related content is consistent with how you wish to present yourself with colleagues and clients.
12. Don't pick fights, be the first to correct your own mistakes, and don't alter previous posts without indicating that you have done so.
13. Be thoughtful about everything published online. If you are angry or frustrated, it is best to avoid using online communications.
14. Be very judicious in disclosing any personal details, as they will be available online for a long time.

15. Try to add value. Provide worthwhile information and perspective. The District is best represented by its people and what you publish will reflect on your District and your community.
16. Maintaining the trust of others with whom you communicate is critical. If you have a vested interest in something you are discussing, be the first to point it out. Nothing gains you more notice in the online social media environment than honesty—or dishonesty.

17. Blogs, wikis, virtual worlds, social networks, or other tools hosted outside of the District's protected Intranet environment should not be used for internal communications among fellow employees. It is fine for fellow employees to disagree, but don't use your external blog or other online social media to air your differences in an inappropriate manner.
18. When speaking about other districts or teachers at other districts, be careful about identifying them if the remark may be interpreted as being critical of them. You must make sure that what you say is factual and that it does not disparage others.
19. Avoid arguments. Don't try to settle scores or goad others into inflammatory debates.
20. There are always consequences to what you publish. If you're about to publish something that makes you even the slightest bit uncomfortable, review the suggestions above and think about why that is. If you're still unsure, and it is related to your work or the District, feel free to discuss it with your administrator. Ultimately, however, you have sole responsibility for what you post to your blog or publish in any form of online social media.

## Personnel - All Employees

### Injury Leave

A District employee who believes that they have been physically injured within the employee's scope of employment by another individual who intentionally, knowingly, or recklessly causes bodily injury to such employee must report such injury to the employee's administrator as soon as practical. An administrator will then investigate the circumstances to determine if the employee qualifies for paid injury leave. The employee may be required to provide confirmation from a physician regarding the causation and the period of time for which an employee is unable to work. If the administrator determines that the employee qualifies for paid injury leave, then the employee will receive up to seven calendar days of paid injury leave to cover the amount of time that the employee was otherwise scheduled to work. Such paid injury leave will not count against the employee's other available leave.

If the administrator determines that the employee does not qualify for paid injury leave, then the employee may be required to use other available leave. There is no appeal process for an employee who has been denied a request for paid injury leave.

## COMMUNICABLE DISEASES - EMPLOYEES

Employees with a communicable disease will be allowed to perform their customary employment duties provided they are able to perform the essential functions of their position and their presence does not create a substantial risk of illness or transmission to students or other employees. The term "communicable disease" shall mean an infectious or contagious disease spread from person to person, or animal to person, or as defined by law.

Prevention and control of communicable diseases shall be included in the school district's bloodborne pathogens exposure control plan. The procedures shall include scope and application, definitions, exposure control, methods of compliance, universal precautions, vaccination, post-exposure evaluation, follow-up, communication of hazards to employees and record keeping. This plan shall be reviewed annually by the superintendent and school nurse.

The health risk to immunodepressed employees shall be determined by their personal physician. The health risk to others in the school district environment from the presence of an employee with a communicable disease shall be determined on a case-by-case basis by the employee's personal physician, a physician chosen by the school district or public health officials.

An employee who is at work and who has a communicable disease which creates a substantial risk of harm to a student, coworkers, or others at the workplace shall report the condition to the Superintendent any time the employee is aware that the disease actively creates such risk.

Health data of an employee is confidential and it shall not be disclosed to third parties. Employee medical records shall be kept in a file separate from their personal file.

It shall be the responsibility of the superintendent, in conjunction with the school nurse, to develop administrative regulations stating the procedures for dealing with employees with a communicable disease.

## HEPATITIS B VACCINE INFORMATION AND RECORD

### The Disease

Hepatitis B is a viral infection caused by the Hepatitis B virus (HBV) which causes death in 1-2% of those infected. Most people with HBV recover completely, but approximately 5-10% become chronic carriers of the virus. Most of these people have no symptoms, but can continue to transmit the disease to others. Some may develop chronic active hepatitis and cirrhosis. HBV may be a causative factor in the development of liver cancer. Immunization against HBV can prevent acute hepatitis and its complications.

### The Vaccine

The HBV vaccine is produced from yeast cells. It has been extensively tested for safety and effectiveness in large scale clinical trials.

Approximately 90 percent of healthy people who receive two doses of the vaccine and a third dose as a booster achieve high levels of surface antibody (anti-HBs) and protection against the virus. The HBV vaccine is recommended for workers with potential for contact with blood or body fluids. Full immunization requires three doses of the vaccine over a six-month period, although some persons may not develop immunity even after three doses.

There is no evidence that the vaccine has ever caused Hepatitis B. However, persons who have been infected with HBV prior to receiving the vaccine may go on to develop clinical hepatitis in spite of immunization.

### Dosage and Administration

The vaccine is given in three intramuscular doses in the deltoid muscle. Two initial doses are given one month apart and the third dose is given six months after the first.

### Possible Vaccine Side Effects

The incidence of side effects is very low. No serious side effects have been reported with the vaccine. Ten to 20 percent of persons experience tenderness and redness at the site of injection and low grade fever. Rash, nausea, joint pain, and mild fatigue have also been reported. The possibility exists that other side effects may be identified with more extensive use.

## UNIVERSAL PRECAUTIONS REGULATION

Universal precautions (UP) are intended to prevent transmission of infection, as well as decrease the risk of exposure for employees and students. It is not currently possible to identify all infected individuals, thus precautions must be used with every individual. UP pertain to blood and other potentially infectious materials (OPIM) containing blood. These precautions do not apply to other body fluids and wastes (OBFW) such as saliva, sputum, feces, tears, nasal secretions, vomitus and urine unless blood is visible in the material. However, these OBFW can be sources of other infections and should be handled as if they are infectious. The single most important step in preventing exposure to and transmission of any infection is anticipating potential contact with infectious materials in routine as well as emergency situations. Based on the type of possible contact, employees and students should be prepared to use the appropriate precautions prior to the contact. Diligent and proper hand washing, the use of barriers, appropriate disposal of waste products and needles, and proper decontamination of spills are essential techniques of infection control. All individuals should respond to situations practicing UP followed by the activation of the school response team plan. Using common sense in the application of these measures will enhance protection of employees and students.

### Hand Washing

Proper hand washing is crucial to preventing the spread of infection. Textured jewelry on the hands or wrists should be removed prior to washing and kept off until completion of the procedure and the hands are rewashed. Use of running water, lathering with soap and using friction to clean all hand surfaces is key. Rinse well with running water and dry hands with paper towels.

- Hands should be washed before physical contact with individuals and after contact is completed.
- Hands should be washed after contact with any used equipment.
- If hands (or other skin) come into contact with blood or body fluids, hands should be washed immediately before touching anything else.
- Hands should be washed whether gloves are worn or not and, if gloves are worn, after the gloves are removed.

### Barriers

Barriers anticipated to be used at school include disposable gloves, absorbent materials and resuscitation devices. Their use is intended to reduce the risk of contact with blood and body fluids as well as to control the spread of infectious agents from individual to individual. Gloves should be worn when in contact with blood, OPIM or OBFW.

Gloves should be removed without touching the outside and disposed of after each use.

### Disposal of Waste

Blood, OPIM, OBFW, used gloves, barriers and absorbent materials should be placed in a plastic bag and disposed of in the usual procedure. When the blood or OPIM is liquid, semi-liquid or caked with dried blood, it is not absorbed in materials, and is capable of releasing the substance if compressed, special disposal as regulated waste is required. A band-aid, towel, sanitary napkin or other absorbed waste that does not have the potential of releasing the waste if compressed would not be considered regulated waste. It is anticipated schools would only have regulated waste in the case of a severe incident. Needles, syringes and other sharp disposable objects should be placed in special puncture-proof containers and disposed of as regulated waste. Bodily wastes such as urine, vomitus or feces should be disposed of in the sanitary sewer system.

### Clean up

Spills of blood and OPIM should be cleaned up immediately. The employee should:

- Wear gloves.
- Clean up the spill with paper towels or other absorbent material.
- Use a solution of one part household bleach to one hundred parts of water (1:100) or other EPA-approved disinfectant and use it to wash the area well.
- Dispose of gloves, soiled towels and other waste in a plastic bag.
- Clean and disinfect reusable supplies and equipment.

### Laundry

Laundry with blood or OPIM should be handled as little as possible with a minimum of agitation. It should be bagged at the location. If it has the potential of releasing the substance when compacted, regulated waste guidelines should be followed. Employees who have contact with this laundry should wear protective barriers.

### Exposure

An exposure to blood or OPIM through contact with broken skin, mucous membrane or by needle or sharp stick requires immediate washing, reporting and follow-up.

- Always wash the exposed area immediately with soap and water.
- If a mucous membrane splash (eye or mouth) or exposure of broken skin occurs, irrigate or wash the area thoroughly.
- If a cut or needle stick injury occurs, wash the area thoroughly with soap and water.

The exposure should be reported immediately, the parent or guardian is notified, and the person exposed contacts a physician for further health care.

## HAZARDOUS CHEMICAL DISCLOSURE

The board authorizes the development of a comprehensive hazardous chemical communication program for the school district to disseminate information about hazardous chemicals in the workplace.

Each employee shall annually review information about hazardous substances in the workplace. When a new employee is hired or transferred to a new position or work site, the information and training, if necessary, shall be included in the employee's orientation. When an additional hazardous substance enters the workplace, information about it shall be distributed to all employees, and training shall be conducted for the appropriate employees. The central administration office shall maintain a file indicating which hazardous substances are present in the workplace and when training and information sessions take place.

Employees who will be instructing or otherwise working with students shall disseminate information about the hazardous chemicals with which they will be working as part of the instructional program.

It shall be the responsibility of the superintendent to implement this policy.

Harassment of employees, students, volunteers or visitors will not be tolerated in the school district. School district includes school district facilities, school district property, or property within the jurisdiction of the school district; while on school-owned or school-operated transportation; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the district.

Harassment includes, but is not limited to, race, religion, national or ethnic origin, color, marital status, disability, sex, veteran status, age, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other prohibited status. Harassment by board members, administrators, employees, parents, vendors, and others doing business with the school district is prohibited. Employees whose behavior is alleged to be in violation of this policy will be subject to the investigation procedure which may result in discipline, up to and including, discharge or other appropriate action. Other individuals whose behavior is alleged to be in violation of this policy will be subject to appropriate sanctions as determined and imposed by the superintendent or board.

Sexual harassment shall include, but not be limited to, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, education, or participation in school programs or activities;
- submission to or rejection of such conduct by an individual is used as the basis for decisions affecting such individual's employment or education; or
- such conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working or learning environment.

Sexual harassment as set out above, may include, but is not limited to the following:

- verbal or written harassment or abuse, or unwelcome communication implying sexual motives or intentions;
- pressure for sexual activity; repeated remarks to a person with sexual or demeaning implications;
- unwelcome touching;
- unwelcome and offensive public sexual display of affection;
- suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's job, promotions, recommendations, etc.

Harassment on the basis of race, religion, national or ethnic origin, color, marital status,

disability, sex, veteran status, age, pregnancy, childbirth or related medical condition, or other prohibited status means conduct of a verbal or physical nature that is designed to embarrass, distress, agitate, disturb or trouble individuals when:

- implied or explicit threats concerning one's grades, achievements, etc.; □ demeaning jokes, stories, or activities directed at an individual.

Employees, students, volunteers or visitors who believe they have suffered harassment shall report such matters to the investigator for harassment complaints. However, claims regarding harassment may also be reported to the alternate investigator for harassment complaints.

Upon receiving a complaint, the investigator shall confer with the complainant to obtain an understanding and a statement of the facts. It shall be the responsibility of the investigator to promptly and reasonably investigate claims of harassment and to pass the findings on to the superintendent who shall complete such further investigation as deemed necessary and take such final action as appropriate. It is the intention of the district to complete its investigation within ten (10) working days after receiving a complaint unless extenuating circumstances such as unavailability of a witness or needing additional time because of the complexity of the investigation or the need to involve outside experts. The extended timeframe for investigation due to extenuating circumstances shall not exceed ten (10) days without the consent of the complainant, unless the alleged victim agrees to a longer time limit. Information regarding an investigation of harassment shall be confidential to the extent possible, and those individuals who

are involved in the investigation shall not discuss information regarding the complaint outside the investigation process.

No one shall retaliate against an employee or student because they have filed a harassment complaint, assisted or participated in a harassment investigation, proceeding, or hearing regarding a harassment charge or because they have opposed language or conduct that violates this policy. This policy should be used when an employee is the alleged harasser or the alleged victim. It is strongly recommended the investigator and alternate investigator be of opposite sexes.

It shall also be the responsibility of the superintendent, in conjunction with the investigator and principals, to develop administrative rules regarding this policy. The superintendent or superintendent's designee shall also be responsible for organizing training programs to educate employees, students and others involved with the school district about harassment and the school district's policy prohibiting harassment. The training shall include how to recognize harassment and what to do in case an individual is harassed. The employee training will be documented in personnel files to ensure a record of training for each employee.

## HARASSMENT INVESTIGATING AND REPORTING

Harassment of employees and students will not be tolerated in the school district.

Harassment is a violation of school district policies, rules and regulations and, in some cases, may also be a violation of criminal or other laws. The school district has the authority to report students violating this rule to law enforcement officials.

Employees whose behavior is alleged to be in violation of this policy will be subject to the investigation procedure which may result in discipline, up to and including, discharge or other appropriate action. Other individuals whose behavior is alleged to be in violation of this policy will be subject to appropriate sanctions as determined and imposed by the superintendent or board.

Individuals who feel that they have been harassed by employees, board members, administrators, parents, vendors or others doing business with the school district should communicate to the harasser that the individual expects the behavior to stop, if the individual is comfortable doing so. If the individual needs assistance communicating with the harasser, he/she should ask a teacher, counselor or principal to help.

### **Complaint Procedure**

An employee or student who believes that they have been harassed shall notify \_\_\_\_\_, the designated investigator. The alternate investigator is \_\_\_\_\_. The investigator may request that the employee or student complete the Harassment Complaint form and turn over evidence of the harassment, including, but not limited to, letters, tapes, or pictures. Information received during the investigation shall be kept confidential to the extent possible.

The superintendent, or the investigator with the approval of the superintendent, has the authority to initiate a harassment investigation in the absence of a written complaint.

### **Investigation Procedure**

The investigator shall reasonably and promptly commence the investigation upon receipt of the complaint. The investigator shall interview the complainant and the alleged harasser. The alleged harasser may file a written statement refuting or explaining the behavior outlined in the complaint. The investigator may also interview witnesses as deemed appropriate.

Upon completion of the investigation, the investigator shall report to the superintendent. The investigator will outline the findings of the investigation to the superintendent.

### **Resolution of the Complaint**

The superintendent will complete the next step in the investigation reasonably and promptly upon receipt of the investigator's report. Following the investigator's report, the superintendent may investigate further, if deemed necessary, and make a determination of the appropriate next step which may include discipline, up to and including, discharge.

Prior to the determination of the appropriate remedial action, the superintendent may, at the superintendent's discretion, interview the complainant and the alleged harasser. The superintendent shall file a written report closing the case and documenting any disciplinary or other action taken in response to the complaint. The complainant, the alleged harasser and the investigator shall receive notice as to the conclusion of the investigation.

### **Points to Remember in the Investigation**

- Evidence uncovered in the investigation is confidential.
- Complaints must be taken seriously and investigated.
- No retaliation will be taken against individuals involved in the investigation process.
- Retaliators will be disciplined up to and including discharge.

### **Conflicts**

If the investigator is the alleged harasser or a witness to the incident, the alternate investigator shall be the investigator.

If the alleged harasser is the superintendent, the alternate investigator shall take the superintendent's place in the investigation process. The alternate investigator shall report the findings to the board.

"Workplace" also includes nonschool property if the employee is at any school-sponsored, school-approved or school-related activity, event or function, such as field trips or athletic events where students are under the control of the school district or where the employee is engaged in school business.

If an employee is convicted of a violation of any criminal drug offense, the employee shall notify the employee's supervisor of the conviction within five days of the conviction.

The superintendent will make the determination whether to require the employee to undergo substance abuse treatment or to discipline the employee. An employee who violates the terms of this policy may be subject to discipline up to and including termination. *[An employee who violates this policy may be required to successfully participate in a substance abuse treatment program approved by the board.]* If the employee fails to successfully participate in a program, the employee may be subject to discipline up to and including termination.

The superintendent shall be responsible for publication and dissemination of this policy to each employee. In addition, the superintendent shall oversee the establishment of a substance-free awareness program to educate employees about the dangers of substance abuse and notify them of available substance abuse treatment programs.

It is the responsibility of the superintendent to develop administrative regulations to implement this policy. This policy and related administrative regulations shall have a biennial review to determine its effectiveness, implement needed changes and ensure that the sanctions are consistently enforced.

For purposes of the drug and alcohol testing program, the term "employees" includes applicants who have been offered a position to operate a school vehicle.

The employees operating a school vehicle as described above are subject to preemployment drug testing and random, reasonable suspicion and post-accident drug and alcohol testing. Employees operating school vehicles shall not perform a safety-sensitive function within four hours of using alcohol. Employees governed by this policy shall be subject to the drug and alcohol testing program beginning the first day they operate or are offered a position to operate school vehicles and continue to be subject to the drug and alcohol testing program as long as they may be required to perform a safety-sensitive function as it is defined in the administrative regulations. It is the responsibility of the superintendent to develop administrative regulations to implement this policy in compliance with the law. The superintendent shall inform applicants of the requirement for drug and alcohol testing in notices or advertisements for employment.

The superintendent shall also be responsible for publication and dissemination of this policy and its supporting administrative regulations and forms to employees operating school vehicles. The superintendent shall also oversee a substance-free awareness program to educate employees about the dangers of substance abuse and notify them of available substance abuse treatment resources and programs.

The board will enter into a written contract with certificated employees, other than administrators, employed on a regular basis. Each contract will be for a period roughly corresponding to the school year.

It shall be the responsibility of the superintendent to complete the contracts for certificated employees and present them to the board for approval. Upon receipt of the contract, the certificated employee will have until the date specified on the contract or the date specified by the board to sign and return the contract to the Superintendent. If contracts are not returned within this period, the position will be considered open and candidates will be secured to fill the vacancy.

A certificated employee may not be required to accept employment for the next school year prior to March 15. The contracts, after being signed by at least one board member, shall be kept on file in the administration offices.

In the event of termination of the employee's contract during this period, the board shall afford the certificated employee appropriate due process. The action of the board will be final.

Certificated employees whose contracts will be recommended for termination, amendment or nonrenewal by the board will receive notice prior to April 15. The superintendent shall make a recommendation to the board for the termination of the certificated employee's contract.

## CERTIFICATED EMPLOYEE ASSIGNMENT

Determining the assignment of each certificated employee is the responsibility of and within the sole discretion of the board. In making such assignments the board shall consider the qualifications of each certificated employee and the needs of the school district.

It shall be the responsibility of the superintendent to make recommendations to the board regarding the assignment of certificated employees. All extra duties, such as coaching or sponsoring extracurricular activities, are assigned at-will, and may be terminated, nonrenewed, suspended or amended by the board at the recommendation of the superintendent without cause. Extra duty work that qualifies for additional compensation will be paid on a prorated basis for work already performed at the time of the change in duty assignment.

## CERTIFICATED EMPLOYEE EVALUATION

Evaluation of certificated employees on their skills, abilities, and competence shall be an ongoing process supervised by the building principals and conducted by approved evaluators. The goal of the formal evaluation of certificated employees, other than administrators, but including extracurricular employees, shall be to improve the education program, to maintain certificated employees who meet or exceed the board's standards of performance, to clarify the certificated employee's role, to ascertain the areas in need of improvement, to clarify the immediate priorities of the board, and to develop a working relationship between the administrators and other employees.

The formal evaluation criteria shall be in writing. The formal evaluation shall provide an opportunity for the evaluator and the certificated employee to discuss the past semester's performance and the future areas of growth. The formal evaluation shall be completed by the evaluator, signed by the certificated employee and filed in the certificated employee's personnel file. This policy supports, and does not preclude, the ongoing informal evaluation of the certificated employee's skills, abilities and competence.

The Superintendent will create an administrative regulation describing the procedure to be used for evaluations and including the evaluation instrument. At a minimum this will provide for evaluation of instructional performance, classroom organization and management, professional conduct, and personal conduct. It will provide for a written description of all noted deficiencies, specific means for the correction of the noted deficiencies and an adequate timeline for implementing the concrete suggestions for improvement. The teacher will be allowed to offer a written response. The regulation will also specify what training will be provided by the district for evaluators.

It shall be the responsibility of the *building principal* to ensure certificated employees are evaluated at least annually. The evaluation shall include at least one classroom observation for one period.

New and probationary certificated employees shall be evaluated at least once each semester. This evaluation procedure will include at least one classroom observation for one period each semester.

The requirements stated in the Negotiated Contract between employees in the certified collective bargaining unit and the board regarding evaluation of such employees shall be followed.

All certificated personnel shall attend such meetings unless excused by the superintendent or building principal.

## CERTIFICATED EMPLOYEE SALARY SCHEDULE

The board shall establish salary schedules for certificated employees' positions keeping in mind the financial condition of the school district, the education and experience of the certificated employee, the educational philosophy of the school district, and other factors deemed relevant by the board.

It shall be the responsibility of the superintendent to make a recommendation to the board annually regarding the salary schedule. The salary schedule shall be subject to review and modification through the collective bargaining process.

## CERTIFICATED EMPLOYEE CONTINUED EDUCATION CREDIT

Continued education on the part of certificated employees may entitle them to advancement on the salary schedule or endorsement in additional subjects. Certificated employees who have completed additional hours will be considered for advancement on the salary schedule. The board shall determine which certificated employees will advance on the salary schedule for continued education keeping in mind the financial condition of the school district, the education and experience of the certificated employee, the educational philosophy of the school district, and any other items deemed relevant by the board.

Certificated employees who wish to obtain additional education for advancement on the salary schedule or other job-related purposes must notify the superintendent by May 1 of the school year preceding the actual year when advancement or addition of endorsements occurs. Additional education for salary advancement must be in the same area as the education that was required of the employee to hold the employee's current position with the school district. For purposes of illustration only, a math teacher would advance on the salary schedule only if the additional education was in math courses. The

superintendent has the discretion to approve credit outside the employee's area of endorsement or responsibility.

It shall be the responsibility of the superintendent to make a recommendation to the board for the advancement of a certificated employee on the salary schedule.

The requirements stated in the Negotiated Contract between certificated employees in a certified collective bargaining unit and the board regarding continued education credit of such employees shall be followed.

If any provision of the Scribner-Snyder Education Association, or any application of it to any employee or groups of employees, is held to be contrary to law, such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

language inconsistent with its related agreement, the agreement for its duration shall be controlling.

Nothing in any such agreement shall be construed as indicating that the board waives its rights with respect to the future negotiability or non-negotiability of items or terms and conditions of employment with respect to successor agreements.

Unless otherwise provided in the Scribner-Snyder Education Association agreement, nothing contained therein shall be interpreted and/or applied so as to eliminate, reduce or otherwise detract from any terms and conditions of employment existing prior to its effective date.

#### CERTIFICATED EMPLOYEES - RESIGNATION

Any certificated employee who wishes to be released from contract should consider the difficulty of securing an adequate replacement for the district and disruption to the educational program. A late resignation greatly increases this difficulty and disruption.

A certificated employee who wishes to be released from his/her contract shall immediately deliver a written and signed notice of resignation to the office of the Superintendent. The Superintendent, upon reviewing the request and its impact on the district, shall forward the request to the School Board with an appropriate recommendation.

The School Board shall make the final determination regarding the request but shall have no obligation to approve the employee's early release from contract.

The Board may request the employee to continue as a member of the staff and to fulfill the terms of his/her contract. The early release, if allowed, will become effective at the end of the school year in which it is submitted. If the employee has requested the release to become effective at an earlier date than the end of the school year, the Board may consider it on an individual basis.

An employee's refusal to fulfill his/her contract shall be cause for the district to request a suspension or revocation of certification by the Nebraska Department of Education.

#### CERTIFICATED EMPLOYEE EARLY CONTRACT RELEASE

A request for release from a contract shall be contingent upon finding a suitable replacement.

The Superintendent or his designee shall have the sole responsibility for determining the criteria used to define a suitable replacement for each position.

If in the opinion of the certificated employee unusual circumstances exist, the certificated employee may appeal to the Board to waive any of the above stated requirements.

The superintendent is authorized to file a complaint with the Nebraska Professional Practices Commission against a certificated employee who leaves without proper release from the board.

The Board of Education reserves the right to seek damages against any certificated employee as a result of breach of contract.

## CERTIFICATED EMPLOYEE RETIREMENT

Certificated employees who will complete their current contract with the board may apply for retirement. No certificated employee will be required to retire at a specific age.

Application for retirement will be considered made when the certificated employee states in writing to the superintendent, no later than the date set by district policy for the return of the employee's contract to the board, the intent of the employee to retire. The letter must clearly state the employee's desire to retire.

Applications made after the date set by the board for the return of the employee's contract to the board may be considered by the board if special circumstances exist. It shall be within the discretion of the board to determine whether special circumstances exist.

Board action to approve a certificated employee's application for retirement shall be final and such action constitutes nonrenewal of the employee's contract for the next school year.

Certificated employees who retire under this policy may qualify for retirement benefits through the State School Retirement Fund.

Certificated employees and their spouse and dependents shall be allowed to continue coverage in the school district's group health insurance program at their own expense by meeting the requirements of the insurer.

## CERTIFICATED EMPLOYEE REDUCTION-IN-FORCE

The board has the exclusive authority to determine the appropriate number of certificated employees. Reductions-in-force of certificated staff members may be required due to changes in the size or nature of the student population, limited financial support, changing programs, staff realignment or other changes in circumstances. Reduction-in-force may result in termination of employment, an amendment to the employee's contract reducing the

employee from full-time to part-time status or an amendment to the contract of a part-time employee further reducing that employee's percentage of employment.

Prior to the reduction-in-force the board shall present evidence that such changes in circumstances have occurred. If a reduction of certificated staff is necessary, the superintendent or designee shall recommend to the school board those certificated employees to be reduced in employment under the provisions of this policy. No permanent employee may be selected for a reduction-in-force while a probationary employee is retained to perform a service that the permanent employee is qualified by certification and endorsement to perform or where certification is not applicable, by reason of college credits in the teaching area.

Due to the often intimate, confidential, and unique personal working relationship necessary between the administration and the school board, a certificated employee who is not currently serving in a predominantly administrative capacity shall have no rights under this policy to any administrative position within the school system.

The selection of personnel to be terminated shall be made with consideration given to the following (not listed in priority order):

1. Programs to be offered;
2. Areas of certification and endorsement;
3. State and federal regulations which may mandate certain employment practices;
4. Special qualifications that may require specific training and/or experience;
5. Contributions to activity programs;
6. Qualifications based on past performance and competence as determined by the principal and/or superintendent through employee evaluation procedures;
7. The organizational and educational impact created by multiple part-time certificated employees; and
8. Any other reasons which can be rationally related to the instruction in or administration of the school system.

Employee evaluations (including frequency of evaluations, evaluation forms, and number and length of classroom observations, if applicable) used under this policy shall conform to the board policies and administrative rules, regulations, and practices in effect at the time for the periodic evaluation of certificated staff members.

If, after consideration of the above, it is the opinion of the superintendent that no significant difference exists between certificated employees being considered for reduction-in-force, then the employee with the longest uninterrupted service to the district shall be retained.

The Certificated Employee authorizes the School District to approve and accept this Application and Agreement immediately upon its submission.

The School District, by approving and signing this Application and Agreement, hereby unconditionally and irrevocably accepts the Certificated Employee's resignation, ending all employment relations between the School District and the Certificated Employee effective at the end of the current school year.

If the Certificated Employee is re-employed by any School District in the State of Nebraska as a certificated employee to a position of .50 F.T.E. or greater, the Certificated Employee shall forfeit all or a portion of the severance benefit. This cash benefit shall be inclusive of any accrued but unpaid leave that the Certificated Employee may be otherwise entitled to receive by law or as set forth in the applicable negotiated agreement.

- (b) **Tax Consequences:** FICA, Social Security taxes, and similar taxes are to be withheld to this ERIP if in the sole discretion of the School District, it is determined that the law requires that such taxes or withholding be made, in which event the social security percentage and any other required state or federal withholdings may be subtracted from the payments. In the event the School District or a participant are called upon to pay the federal government or the State of Nebraska, or any other state or federal authority, sums or payments that should have been withheld from or contributed in relation to the ERIP payments, including retirement contributions, FICA, FUTA, or state or federal unemployment contributions, the participant shall indemnify and hold the School District harmless from any and all sums which it is called upon to pay, including the employee's and employer's share thereof and any and all penalties and interest arising from either the employee's share or employer's share thereof.

**3. WAIVER AND RELEASE OF CLAIMS:** By entering into this Agreement the Certificated Employee hereby releases, waives, acquits, and forever discharges the School District, all past, present, and future members of the Board of Education of such School District in their official and individual capacities, the Administrators, and all other officers, agents, and employees of the School District, in their official and individual capacities, from any and all claims, however characterized, whether for damages, costs, expenses, compensation, penalties, wages, benefits, reinstatement, attorneys' fees, or attorneys' fees under 42 U.S.C. § 1988, or the like, with respect to, arising out of, or in relation to the Certificated Employee's employment with the School District, including, but not limited to, claims or rights:

### CERTIFICATED EMPLOYEE EARLY RETIREMENT

The district may offer a voluntary early retirement program for full-time certificated employees and non-certificated administrative employees. Upon written application and approval of the superintendent and board, eligible employees may participate in the program.

The major purpose of the program is to encourage eligible employees who are considering early retirement to accelerate their plans. Program objectives include but are not limited to the following:

1. To offer financial incentives which will assist long-term district employees considering early retirement decisions, by providing a financial "bridge" to Social Security and Nebraska School Employees' retirement benefits.
2. To reduce district costs by replacing maximum salary employees with lesser salary employees.
3. To provide a more diversified balance of employee experience.
4. To reduce or eliminate the possibility of certificated employee layoffs.

It is the responsibility of the superintendent to develop administrative regulations to implement this policy including eligibility requirements, conditions and limitations, application procedures, benefit tables, payment schedules and insurance provisions.

This policy and related administrative regulations shall be reviewed annually to monitor its effectiveness, analyze projected costs to the district, review payment schedules, and implement needed changes. Any revisions to associated benefit tables and payment

schedules must be reviewed and approved by the board. Modification shall not affect employees previously participating in the program.

## **SCRIBNER-SNYDER COMMUNITY SCHOOL DISTRICT EARLY RETIREMENT INCENTIVE PROGRAM**

### **A. PURPOSE:**

The purpose of this program is to encourage Eligible Employees (as defined herein) who are considering an early-leaving decision to accelerate their retirement plans in order to benefit both the Eligible Employee and the School District. Objectives include, but are not limited to the following:

1. To offer financial incentives which will assist long-term employees considering early retirement or early-leaving decisions at the end of any school year during which this Early Retirement Incentive Program is in effect.
2. To reduce costs to the School District by replacing maximum salaried employees with lesser salaried employees.
3. To provide a better balance of employee experience.

This Early Retirement Incentive Program (ERIP) will be effective beginning the 20172018 school year and shall continue annually until repealed by the Board of Education.

### **B. QUALIFICATIONS:**

1. Eligible Employee: To be a participant a person must be employed by the School District (Scribner-Snyder Community Schools) as of the date of acceptance of the person's application in the position of a fully certified employee covered by the negotiated agreement between the Scribner-Snyder Community School District and the Scribner-Snyder Education Association and paid pursuant to the salary schedule incorporated into said agreement in effect for the employee's last school year of employment (hereinafter referred to as "Teacher" or "Eligible Employee").
2. Full-Time Equivalency: To be eligible to participate in the Early Retirement Incentive Program ("ERIP") a person must be employed on 1.0 FTE basis. Parttime employees will not be eligible to participate in the program. Employees who are on a sabbatical leave, leave of absence, long term disability, or other Board approved leave in total as of December 1 of the Employee's final contract year shall not be eligible to participate in this ERIP.

3. Minimum Age and Years of Service. In order for an employee to be eligible for this program, the Employee must meet the Rule of 85 and must meet both of the following criteria: (a) the Employee must be fifty-five (55) years of age on or before September 1 of the Employee's final contract year; and (b) the Employee must have at least twenty (20) creditable years of service in the School District. Age and creditable service are to be determined as of August 31 of the year in which the Application and Agreement are required to be submitted. For example, for the 2018-2019 school year, an Employee's age and creditable service are to be determined as of August 31, 2019.
4. Minimum Salary Schedule Placement. In order for an Employee to be eligible for this program the Employee must have a current placement on the salary schedule during the year of application at BA+27 or higher.
5. Verification of Years of Service. On or before December 1 of each year, the Superintendent of the School District shall provide all Eligible Employees of the School District who so request it verification of their years of service in the School District.
6. Acceptance or Rejection of Applications: The Board of Education of the School District, in its sole and absolute discretion, reserves the right to accept or reject any or all applications based on financial exigencies, availability of funds, budget, expenses, revenue, and other school finance issues.
7. Criteria for Selection. The total number of eligible employees that may participate in this ERIP shall be set by the Board for each school year that the ERIP is in effect. If there are more than the allowable number of eligible employees that make application for participation in this ERIP, the selection of which certificated employee(s) shall be allowed to participate shall be based on the following criteria in descending order:
  - a. Year of eligibility. The highest preference shall go to certificated employees who have made application in a prior year of eligibility and who were denied participation due to there being more than the allowable number of applications in that year. The second highest preference for participation shall be given to certificated employee(s) in their first year of eligibility as described in Paragraphs 1-3 of Section B above.
  - b. Years of experience. The third highest preference for participation will be given to the certificated employee(s) with the greatest number of years of uninterrupted service to the School District as of the end of the school year in which application is made.

- c. Date of application. The fourth highest preference for participation will be given to the certificated employee(s) with the date of application first in time. Applications will be dated as received by the Superintendent's Office.
  - d. Tie Breaker. If two (2) or more individuals tie on criteria "a" through "c", the names of those persons who are tied shall be placed in a container and the names will be drawn from the container for each opening in the ERIP.
8. Eligibility Window. In order to ensure that the ERIP satisfies the primary objectives of the program, including those listed above, an Eligible Employee shall only be eligible to apply and participate in the ERIP for two (2) consecutive years, beginning in the year in which the employee meets the criteria set forth in Paragraph B(3). In the event that the Eligible Employee fails to apply or participate in the ERIP after two (2) consecutive years of the Employee becoming eligible to participate, the Eligible Employee completely and forever forfeits, waives and foregoes any right to participate in the ERIP.

### **C. ENROLLMENT REQUIREMENTS:**

1. Resignation: Eligible Employee participants in the program shall resign their positions with the School District effective at the close of the school year in which application for participation in this ERIP is received, and thereby relinquish the Employee's actual and existing continuing contract rights in consideration for the benefits outlined in paragraph "D" below.
2. Notice of Plan and Future Employment: The Superintendent or Superintendent's designee shall notify all Eligible Employees of the School District of the adoption of this Temporary Early Retirement Incentive Program (ERIP) and the attendant ERIP Application and Agreement on or before December 1 of each calendar year and a copy of said ERIP Application and Agreement as it now exists, or as it may be from time to time amended, may be obtained from the Superintendent's Office.
3. Application and Agreement: Any Eligible Employee who attains the minimum eligibility requirements shall be eligible to participate in the ERIP. Each qualified Eligible Employee who wishes to participate must submit an Application and Agreement form properly executed, which is to be received in the Superintendent's Office on before January 1. An Application and Agreement may be withdrawn by the Employee at any time within seven (7) days following the date when it was received by the Superintendent's Office. The Superintendent or his designee shall review the Employee's record to determine eligibility. If eligible, the Board of Education may approve the

Application and Agreement, except as may be otherwise provided herein, at the next regular meeting of the Board of Education immediately following the receipt of the Eligible Employee's application and agreement, or at such later time as deemed appropriate. The Board of Education reserves the right to waive any and all deadlines in its sole discretion. FAILURE TO SUBMIT

THE APPLICATION OR AGREEMENT WITHIN THE TIME FRAME SPECIFIED IN THIS PARAGRAPH MAY RESULT IN THE REJECTION OF SUCH APPLICATION OR AGREEMENT.

4. Terminated Employee's Ineligibility: An employee who has received written notice of possible termination for reasons other than reduction in force, or who has received written notice of possible cancellation shall NOT be eligible and may NOT participate in this program, UNLESS after a hearing before the Board of Education it is determined that said employee's contract shall not be cancelled or terminated, or the decision of the Board of Education to terminate or cancel is subsequently set aside.

An Employee who has received written notice of possible termination for reason of a reduction in force shall be eligible and may participate in this program if, but only if, said Employee expressly waives all rights to which he or she may be entitled under the reduction in force law.

**D. BENEFITS:**

1. Calculation of Benefits: An Eligible Employee requesting to receive the ERIP shall receive a cash benefit in the amount of \$20,000.00, payable in two installments. The first installment shall be paid by December 31 of the year in which the Board accepts and approves the Application and Agreement. The second installment shall be paid by December 31 of the year immediately following the year in which the first installment is to be paid.
2. Inclusion of Leave. The cash benefit to be paid, as set forth herein, shall be inclusive of any accrued but unpaid leave that the Eligible Employee may be otherwise entitled to receive by law or as set forth in the applicable negotiated agreement.
3. Source of Funds: The School District shall pay the entire cost of the plan.
4. Administration: This Plan shall be administered by the Board of Education by and through the administration of the School District.
5. Income Tax Consequences: FICA, Social Security taxes, and similar taxes are to be withheld to this ERIP if, in the sole discretion of the School District, it is

determined that the law requires that such taxes or withholding be made, in which event the social security percentage and any other required state or federal withholdings may be subtracted from the payments. In the event the School District or a participant are called upon to pay the federal government or the State of Nebraska, or any other state or federal authority, sums or payments that should have been withheld from or contributed in relation to the ERIP payments, including retirement contributions, FICA, FUTA, or state or federal unemployment contributions, the participant shall indemnify and hold the School District harmless from any and all sums which it is called upon to pay, including the employee's and employer's share thereof and any and all penalties and interest arising from either the employee's share or employer's share thereof.

6. COBRA Rights: Pursuant to COBRA, a retired employee will have the opportunity to continue participation in the School District's group health insurance plan for at least eighteen (18) months following retirement upon payment by the employee of the monthly insurance premiums.
  
9. If the Eligible Employee participating in this program is re-employed by the school district to a position within two (2) years following the Employee's final contract year, said Eligible Employee shall relinquish all rights under this program to monies yet to be received under this plan for any portion of said two-year period that has not elapsed as of the date said Eligible Employee is reemployed on a per diem pro rata basis; provided, however, this provision shall not apply to a participant substitute teaching or coaching for the district on a per diem basis.

**E. TIME FOR CONSIDERATION OF APPLICATION AND AGREEMENT, AND WAIVER AND RELEASE OF CLAIMS:**

1. Time to Consider Application and Agreement: An employee who elects to participate in the Scribner-Snyder Community School District Early Retirement Incentive Program shall have forty-five (45) days within which to consider the ERIP Application and Agreement. That ERIP Application and Agreement shall alert the Employee that the Scribner-Snyder Community School District Early Retirement Incentive Program is entirely voluntary in nature.
  
2. Waiver and Release of Claims: The ERIP Application and Agreement shall also include a specific Waiver and Release of Claims of the participant's rights under the Age Discrimination and Employment Act (ADEA), 29 U.S.C. §§ 621-634 and the Act Prohibiting Unjust Discrimination in Employment Because of Age, Neb. allow the employee to revoke the Release or Waiver at any time within seven (7) days after signing the contract and advise the employee to consult with an attorney before signing the Application and Agreement. THE SPECIFIC TERMS OF THE WAIVER AND RELEASE OF CLAIMS SHALL BE AS FOLLOWS:

WAIVER AND RELEASE OF CLAIMS: By entering into this Agreement, the Eligible Employee hereby releases, waives, acquits, and forever discharges the School District, all past, present, and future members of the Board of Education of such School District in their official and individual capacities, the Administrators, and all other officers, agents, and employees of the School District in their official and individual capacities, from any and all claims, however characterized, whether for damages, costs, expenses, compensation, penalties, wages, benefits, reinstatement, attorneys' fees, or attorneys' fees under 42 U.S.C. § 1988 or the like, which Eligible Employee may now have or which may accrue in the future with respect to, arising out of, or in relation to the Eligible Employee's employment with the School District including, but not limited to, claims or rights under the Age Discrimination in Employment Act (ADEA) and the Older Workers Benefit Protection Act (OWBPA), 29 U.S.C. §§ 621-634, the Employee Retirement Income Security Act of 1974 (ERISA), 29 U.S.C. § 1001, et seq., and the Act Prohibiting Unjust Discrimination in Employment on the Basis of Age, Neb. ### CERTIFICATED EMPLOYEE TRAINING, WORKSHOPS OR CONFERENCES

Requests for attendance or participation in a development program, other than those development programs sponsored by the school district, shall be made to the superintendent. Approval of the superintendent must be obtained prior to attendance by a certificated employee in a professional development program when the attendance would result in the certificated employee being excused from their duties or when the school district pays the expenses for the program.

Employees authorized by the superintendent to represent the school system at training, workshops and conferences will be allowed salary and expenses in conformance with regulations on expense reimbursement. Requests that involve unusual expenses or overnight travel must also be approved by the board.

The superintendent shall have sole discretion to allow or disallow certificated employees to attend or participate in the requested event. When making this determination, the superintendent will consider the value of the program for the certificated employee and the school district, the effect of the certificated employee's absence on the education program and school district operations and the school district's financial situation as well as other factors deemed relevant in the judgment of the superintendent.

The requirements stated in the Negotiated Contract between employees in that certified collective bargaining unit and the board regarding professional development of such employees shall be followed.

## CERTIFICATED EMPLOYEE FAMILY AND MEDICAL LEAVE

The district will comply with all provisions of the Family and Medical Leave Act of 1993 and amendments.

Unpaid family and medical leave will be granted up to twelve (12) weeks in any twelve (12) month period to eligible certificated staff members for the following reasons:

1. the birth or care of a newborn child within one (1) year of the child's birth;
2. the placement or care by way of adoption or foster care with the staff member within one (1) year of the child's arrival;
3. to care for the staff member's spouse, parent or dependent child with a serious health condition;
4. if the staff member's own serious health condition prevents that employee from performing the functions of the employee's job;
5. in qualifying urgent situations arising out of the fact that the employee's spouse, son, daughter, or parent is on active duty or call to active duty status as a member of the National Guard or Reserves in support of a contingency operation.

Unpaid leave will be granted up to twenty-six (26) weeks during a single twelve (12) month period to eligible certificated staff members to care for a spouse, son, daughter, parent, or next of kin of a current member of the Armed Forces, including a member of the National Guard or Reserves, with a serious injury or illness.

For purposes of this policy, the twelve month period is defined as a rolling period based on the date the leave is requested to begin and looking backward at the last twelvemonths of use. Requests for family and medical leave shall be made to the superintendent.

To be eligible for FMLA benefits, a district employee must:

1. have worked for the district for a total of 12 months; and 2. have worked at least 1,250 hours over the previous 12 months.

When meeting the requirements set out in the family and medical leave administrative rules, employees may be allowed or required to substitute paid leave for unpaid family and medical leave according to the terms and conditions of the district's normal leave policies. Employees eligible for family and medical leave must comply with the family and medical leave administrative rules prior to starting family and medical leave.

Requests for FMLA leave shall be submitted in writing. This policy shall not be construed to expand eligibility for an FMLA leave beyond what is required by the Act. It shall be the responsibility of the superintendent to implement this policy.

## CERTIFICATED EMPLOYEE FAMILY AND MEDICAL LEAVE REGULATIONS

### Determining the 12-month previous employment eligibility:

While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more need not be counted unless the break is occasioned by the employee's fulfillment of his or her National Guard or Reserve military obligation (as protected under the Uniformed Services Employment and Reemployment Rights Act (USERRA)), or a written agreement, including a collective bargaining agreement, exists concerning the district's intention to rehire the employee after the break in service.

### Spouses employed by the same employer:

Spouses employed by the same employer are limited in the amount of family leave they may take for the birth and care of a newborn child, placement of a child for adoption or foster care, or to care for a parent who has a serious health condition to a combined total of 12 weeks (or 26 weeks if leave to care for a covered servicemember with a serious injury or illness is also used). Leave for birth and care, or placement for adoption or foster care, must conclude within 12 months of the birth or placement.

### Serious Health Condition defined:

"Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves either:

1. Inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical-care facility, including any period of incapacity (i.e., inability to work, attend school, or perform other regular daily activities) or subsequent treatment in connection with such inpatient care; or
2. Continuing treatment by a health care provider, which includes:
  - A. A period of incapacity lasting more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also includes:
    - 1) treatment two or more times by or under the supervision of a health care provider (i.e., in-person visits, the first within 7 days and both within 30 days of the first day of incapacity); or
    - 2) one treatment by a health care provider (i.e., an in-person visit within 7 days of the first day of incapacity) with a continuing regimen of treatment (e.g., prescription medication, physical therapy); or
  - B. Any period of incapacity related to pregnancy or for prenatal care. A visit to the health care provider is not necessary for each absence; or
  - C. Any period of incapacity or treatment for a chronic serious health condition which continues over an extended period of time, requires periodic visits (at least twice a year) to a health care provider, and may involve occasional episodes of incapacity. A visit to a health care provider is not necessary for each absence; or
  - D. A period of incapacity that is permanent or long-term due to a condition for which

Approved: May 2012 Reviewed: September 2014 Revised \_\_\_\_\_

treatment may not be effective. Only supervision by a health care provider is required, rather than active treatment; or

- E. Any absences to receive multiple treatments for restorative surgery or for a condition that would likely result in a period of incapacity of more than three days if not treated.

Intermittent Leave for "Instructional Employees":

Special rules apply if an employee employed "mainly in an instructional capacity" requests intermittent leave or leave on a reduced schedule because of his/her own serious health condition or the serious health condition of a parent, child, or spouse that is foreseeable based on a planned medical treatment and the employee would be gone for more than twenty percent (20%) of the working days during the period of leave. In such cases, the district may require the employee to do the following things:

1. Take leave for periods of a particular duration not to exceed the duration of the planned medical treatment.
2. Transfer temporarily to another position offered by the district for which the employee is qualified, as long as the new position has equivalent pay and benefits and better accommodates the recurring periods of leave.

An instructional employee who takes leave constituting less than twenty percent (20%) of the working days during the leave period would not be subject to transfer to an alternative position, or a requirement to be on leave for the duration of the treatment period.

An employee will be denied intermittent leave or leave on a reduced leave schedule to care for an immediate family member (spouse, child, parent) with a serious health condition or if the employee has a serious health condition, if:

1. The employee, whether requesting leave because of his/her own serious health condition or because of the serious health condition of a parent, child, or spouse fails to establish, through medical certification, that there is a medical need for such a leave (as distinguished from voluntary treatments and procedures or a continuous treatment schedule).
2. The employee, whether requesting leave for his/her own serious health condition or because of the serious health condition of a family member, fails to establish, through medical certification, that it is medically necessary for the leave to be taken intermittently on a reduced leave schedule.

Intermittent leave or a reduced leave schedule may not be taken for the birth of a child or for the placement of a child for adoption or foster care.

When intermittent leave or leave on a reduced leave schedule is requested based on planned medical treatment, the district also may alter an existing job to better accommodate the

employee's need for intermittent or reduced leave. The alternative or altered position must have equivalent pay and benefits.

#### End-Of-Semester Circumstances

In some circumstances, the district may require instructional employees to continue their leave to the end of the academic semester within the FMLA guidelines.

#### Maintenance Of Health Benefits

The district is required to maintain group health insurance coverage for an employee on FMLA leave whenever such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. If applicable, arrangements will need to be made for employees to pay their share of health insurance premiums while on leave. In some instances, the district may recover premiums it paid to maintain health coverage for an employee who fails to return to work from FMLA leave.

#### Job Restoration

Upon return from FMLA leave, an employee will be restored to the employee's original job, or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. An employee's use of FMLA leave will not result in the loss of any employment benefit that the employee earned or was entitled to before using FMLA leave, nor be counted against the employee under a "no fault" attendance policy. If a bonus or other payment, however, is based on the achievement of a specified goal such as hours worked or perfect attendance, and the employee has not met the goal due to FMLA leave, payment may be denied unless it is paid to an employee on equivalent leave status for a reason that does not qualify as FMLA leave. An employee has no greater right to restoration or to other benefits and conditions of employment than if the employee had been continuously employed.

#### Notice And Certification

Employee Notice: Employees seeking to use FMLA leave are required to provide 30-day advance notice of the need to take FMLA leave when the need is foreseeable and such notice is practicable. If leave is foreseeable less than 30 days in advance, the employee must provide notice as soon as practicable – generally, either the same or next business day. When the need for leave is not foreseeable, the employee must provide notice to the district as soon as practicable under the facts and circumstances of the particular case. Absent unusual circumstances, employees must comply with the district's usual and customary notice and procedural requirements for requesting leave.

Employees must provide sufficient information for the district reasonably to determine whether the FMLA may apply to the leave request. Depending on the situation, such information may include that the employee is incapacitated due to pregnancy, has been hospitalized overnight, is unable to perform the functions of the job, and/or that the employee or employee's qualifying family member is under the continuing care of a health care provider.

When an employee seeks leave due to a FMLA-qualifying reason for which the district has previously provided the employee FMLA-protected leave, the employee must specifically reference either the qualifying reason for leave or the need for FMLA leave.

**Employer Notice:** The district will post a notice approved by the Secretary of Labor explaining rights and responsibilities under FMLA. Additionally, the district will either include this general notice in employee handbooks or other written guidance to employees concerning benefits, or must distribute a copy of the notice to each new employee upon hiring.

When an employee requests FMLA leave or the district acquires knowledge that leave may be for a FMLA purpose, the district shall notify the employee of his or her eligibility to take leave, and inform the employee of his/her rights and responsibilities under FMLA. When the district has enough information to determine that leave is being taken for a FMLA-qualifying reason, the district must notify the employee that the leave is designated and will be counted as FMLA leave.

**Certification:** The district may require that an employee's request for leave due to a serious health condition affecting the employee or a covered family member be supported by a certification from a health care provider. The district may require second or third medical opinions (at the district's expense) and periodic recertification of a serious health condition. The district may use a health care provider, a human resource professional, a leave administrator, or a management official – but not the employee's direct supervisor – to authenticate or clarify a medical certification of a serious health condition. The district may have a uniformly-applied policy requiring employees returning from leave for their own serious health condition to submit a certification that they are able to resume work. If reasonable safety concerns exist, the district may, under certain circumstances, require such a certification for employees returning from intermittent FMLA leave.

## CERTIFICATED EMPLOYEE FAMILY AND MEDICAL LEAVE DEFINITIONS

Continuing treatment-a serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

- A period of incapacity (i.e., inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from) of more than three consecutive calendar days and any subsequent treatment or period of incapacity relating to the same condition that also involves:
  - treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders of, or in referral by, a health care provider; or
  - treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of a health care provider.
- Any period of incapacity due to pregnancy or for prenatal care.
- Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
  - requires periodic visits for treatment by a health care provider or by a nurse or physician's assistant under direct supervision of a health care provider;
  - Continues over an extended period of time (including recurring episodes of a single underlying condition); and
  - May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).
- Any period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's, a severe stroke or the terminal stages of a disease.
- Any period of absence to receive multiple treatments (including any period of recovery from) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).

Eligible Employee-the district has more than 50 employees on the payroll at the time leave is requested. The employee has worked for the district for at least twelve months and has worked at least 1250 hours within the previous year.

Essential Functions of the Job-those functions which are fundamental to the performance of the job. It does not include marginal functions.

Employment benefits-all benefits provided or made available to employees by an employer, including group life insurance, health insurance, disability insurance, sick leave, annual leave, educational benefits, and pensions, regardless of whether such benefits are provided by a practice or written policy of an employer or through an "employee benefit plan."

Family Member-individuals who meet the definition of son, daughter, spouse or parent.

Group health plan-any plan of, or contributed to by, an employer (including a self-insured plan) to provide health care (directly or otherwise) to the employer's employees, former employees, or the families of such employees or former employees.

Health care provider-

- A doctor of medicine or osteopathy who is authorized to practice medicine or surgery by the state in which the doctor practices; or
- Podiatrists, dentists, clinical psychologists, optometrists, and chiropractors (limited to treatment consisting of manual manipulation of the spine to correct a subluxation as demonstrated by X ray to exist) authorized to practice in the state and performing within the scope of their practice as defined under state law; and
- Nurse practitioners and nurse-midwives, and clinical social workers who are authorized to practice under state law and who are performing within the scope of their practice as defined under state law; and
- Christian Science practitioners listed with the First Church of Christ Scientist in Boston, Massachusetts;
- Any health care provider from whom an employer or a group health plan's benefits manager will accept certification of the existence of a serious health condition to substantiate a claim for benefits;
- A health care provider as defined above who practices in a country other than the United States who is licensed to practice in accordance with the laws and regulations of that country.

In loco parentis-individuals who had or have day-to-day responsibilities for the care and financial support of a child not their biological child or who had the responsibility for an employee when the employee was a child.

Incapable of self-care-that the individual requires active assistance or supervision to provide daily self-care in several of the "activities of daily living" or "ADLs." Activities of daily living include adaptive activities such as caring appropriately for one's grooming and hygiene, bathing, dressing, eating, cooking, cleaning, shopping, taking public

transportation, paying bills, maintaining a residence, using telephones and directories, using a post office, etc.

Instructional employee-an employee employed principally in an instructional capacity by an educational agency or school whose principal function is to teach and instruct students in a class, a small group, or an individual setting, and includes athletic coaches, driving instructors, and special education assistants such as signers for the hearing impaired. The term does not include teacher assistants or aides who do not have as their principal function actual teaching or instructing, nor auxiliary personnel such as counselors, psychologists, curriculum specialists, cafeteria workers, maintenance workers, bus drivers, or other primarily noninstructional employees.

Intermittent leave-leave taken in separate periods of time due to a single illness or injury, rather than for one continuous period of time, and may include leave or periods from an hour or more to several weeks.

Medically Necessary-certification for medical necessity is the same as certification for serious health condition.

"Needed to Care For"-the medical certification that an employee is "needed to care for" a family member encompasses both physical and psychological care. For example, where, because of a serious health condition, the family member is unable to care for his or her own basic medical, hygienic or nutritional needs or safety or is unable to transport himself or herself to medical treatment. It also includes situations where the employee may be needed to fill in for others who are caring for the family member or to make arrangements for changes in care.

Parent-a biological parent or an individual who stands in loco parentis to a child or stood in loco parentis to an employee when the employee was a child. Parent does not include parent-in-law.

Physical or mental disability-a physical or mental impairment that substantially limits one or more of the major life activities of an individual.

Reduced leave schedule-a leave schedule that reduces the usual number of hours per workweek, or hours per workday, of an employee.

#### Serious health condition

- An illness, injury, impairment, or physical or mental condition that involves:
  - Inpatient care (i.e. an overnight stay) in a hospital, hospice or residential medical care facility including any period of incapacity (for purposes of this section, defined to mean inability to work, attend school or perform other

regular daily activities due to the serious health condition, treatment for or recovery from), or any subsequent treatment in connection with such inpatient care; or

- Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes:
  - A period of incapacity (i.e., inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from) of more than three consecutive calendar days, including any subsequent treatment or period of incapacity relating to the same condition, that also involves:
    - Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders of, or on referral by, a health care provider; or
    - Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider.
  - Any period of incapacity due to pregnancy or for prenatal care.
  - Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
    - Requires periodic visits for treatment by a health care provider or by a nurse or physician's assistant under direct supervision of a health care provider;
    - Continues over an extended period of time (including recurring episodes of a single underlying condition); and
    - May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).
  - A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's a severe stroke or the terminal stages of a disease.
  - Any period of absence to receive multiple treatments (including any period of recovery from) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).
- Treatment for purposes of this definition includes, but is not limited to, examinations to determine if a serious health condition exists and evaluation of the condition. Treatment does not include routine physical examinations, eye examinations or dental examinations. Under this definition, a regimen of continuing treatment includes, for

example, a course of prescription medication (e.g., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition (e.g., oxygen). A regimen of continuing treatment that includes the taking of over-the-counter medications such as aspirin, antihistamines, or salves; or bed rest, drinking fluids, exercise and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of FMLA leave.

- Conditions for which cosmetic treatments are administered (such as most treatments for acne or plastic surgery) are not "serious health conditions" unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, ulcers, headaches other than migraine, routine dental or orthodontia problems, periodontal disease, etc., are examples of conditions that do not meet the definition of a serious health condition and do not qualify for FMLA leave. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this regulation are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.
- Substance abuse may be a serious health condition if the conditions of this section are met. However, FMLA leave may only be taken for treatment for substance abuse by a health care provider or by a provider of health care on referral by a health care provider. On the other hand, absence because of the employee's use of the substance, rather than for treatment, does not qualify for FMLA leave.
- Absence attributable to incapacity under this definition qualify for FMLA leave even though the employee or the immediate family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

Son or daughter-a biological child, adopted child, foster child, stepchild, legal ward, or a child of a person standing in loco parentis. The child must be under age 18 or, if over 18, incapable of self-care because of a mental or physical disability.

Spouse-a husband or wife recognized by Nebraska law.

## CERTIFICATED EMPLOYEE BEREAVEMENT LEAVE

In the event of a death of a member of a certificated employee's immediate family, bereavement leave may be granted. Bereavement leave may be granted to a certificated employee for no more than 2 days, with "day" being defined as one work day regardless of full-time or part-time status of the employee, per occurrence, for the death of a member of the immediate family. The immediate family includes child, spouse, parent, brother, sister, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, or grandparent of the employee.

No more than 1 days of bereavement leave per year will be granted for the death of a close friend or other relative not listed above.

*[It shall be within the discretion of the superintendent to determine the number of bereavement leave days to be granted.]*

The requirements stated in the Negotiated Contract between employees in that certified collective bargaining unit and the board regarding the bereavement leave of such employees shall be followed.

Such leave of absence will be without loss of pay for a period not to exceed fifteen (15) work days in any one calendar year. Such leave of absence will be in addition to any leave provided by the District through policy or negotiated agreement. Any such leave which extends beyond fifteen (15) work days in any one calendar year shall be without pay from the remaining contract payments.

If the Governor of the State of Nebraska declares a state of emergency any of the above certificated employees who are ordered to active service shall receive an additional leave of absence will be granted until such member is released from the active service by competent authority. During this additional leave of absence, the employee shall receive such portion of his or her salary or compensation as will equal the loss he or she may suffer while in the active service of the state. Employees who are required to leave a position other than temporary for training with the armed forces of the United States or to undertake military duty in the active service of the state are entitled to a leave of absence for such period, not to exceed five years, plus any additional period as provided by law, without loss of status and without loss of pay during the first fifteen work days, which pay for the first fifteen work days is not in addition to that described above.

Upon an honorable discharge from active service, such employee shall be entitled to a return to a comparable position as provided by law as long as he or she:

1. has given advance notice of the need for military leave (unless notice is precluded by military necessity or is otherwise unreasonable);
2. has not been absent from his or her job for more than five years; and
3. returns to work as outlined below.

The following periods and conditions of return to work apply to the employee who was absent:

1. If absent less than 31 days, the employee must report back to work by the beginning of the next regularly scheduled work period after a reasonable amount of time to arrive home, rest and report to work;

Such person shall not be discharged without justifiable cause within one year after reinstatement if the person's period of military service before the reemployment was more than 180 days. Such person shall not be discharged without justifiable cause within 180 days after the date of reemployment if the person's period of military service before the reemployment was more than 30 days but less than 181 days.

An employee reemployed after military leave will be treated as not having incurred a break in service. CERTIFICATED EMPLOYEE UNPAID LEAVE

Unpaid leave may be used to excuse an involuntary absence not provided for in this or other leave policies of the board. Unpaid leave for certificated employees must be authorized by the superintendent. Any unused Personal Leave days must be applied to such absences rather than including them as Unpaid Leave.

The superintendent shall have complete discretion to grant or deny the requested unpaid leave. In making this determination, the superintendent shall consider the effect of the employee's absence on the education program and school district operations, length of service, previous record of absence, the financial condition of the school district, the reason for the requested absence and other factors the superintendent believes are relevant to making this determination.

If unpaid leave is granted, the duration of the leave period shall be coordinated with the scheduling of the education program whenever possible to minimize the disruption of the education program and school district operations.

Whenever possible, certificated employees shall make a written request for unpaid leave 14 days prior to the beginning date of the requested leave. If the leave is granted, the deductions in salary shall be made unless they are waived specifically by the superintendent.

The requirements stated in the Negotiated Contract between employees in that certified collective bargaining unit and the board regarding the unpaid leave of such employees shall be followed.

12. At the completion of the school year, those SSEA members who have thirty (30) days of accumulated sick leave may donate two (2) of their extra days to the Sick Leave Bank. These days will be donated until the bank reaches and maintains at least sixty (60) days.

## CERTIFICATED EMPLOYEE ADOPTION LEAVE

Adoption leave will be permitted to be taken by an adoptive parent for the same time and on the same terms as an employee is permitted to take a leave of absence upon the birth of the employee's child. Since the district does not allow a leave of absence upon birth except as sick leave, the adoption leave will be permitted only if it is determined by the employee's physician that leave is needed for health-related reasons and the employee has sick leave available for such leave.

The adoptive parent leave of absence begins following the commencement of the parent-child relationship. The parent-child relationship commences, for purposes of adoption leave, when the child is placed with the employee for purposes of adoption. The employee shall be deemed to have waived any adoptive leave days not taken following the commencement of the parent-child relationship, except as the superintendent and the employee may otherwise agree. Advance notice of an anticipated adoption shall be provided by the employee to the superintendent as soon as possible.

Unpaid family and medical leave will be granted up to twelve (12) weeks in any twelve (12) month period to eligible support staff members for the following reasons:

1. the birth or care of a newborn child within one (1) year of the child's birth;
2. the placement or care by way of adoption or foster care with the staff member within one (1) year of the child's arrival;

For purposes of this policy, the twelve month period is defined as *(a "rolling period based on the date the leave is requested to begin and looking backward at the last twelvemonths of use; a twelve-month period beginning August 1 and ending July 31; other).*

## SUPPORT STAFF FAMILY AND MEDICAL LEAVE REGULATIONS

### Determining the 12-month previous employment eligibility:

While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more need not be counted unless the break is occasioned by the employee's fulfillment of his or her National Guard or Reserve military obligation (as protected under the Uniformed Services Employment and Reemployment Rights Act (USERRA)), or a written agreement, including a collective bargaining agreement, exists concerning the district's intention to rehire the employee after the break in service.

### Spouses employed by the same employer:

Spouses employed by the same employer are limited in the amount of family leave they may take for the birth and care of a newborn child, placement of a child for adoption or foster care, or to care for a parent who has a serious health condition to a combined total of 12 weeks (or 26 weeks if leave to care for a covered servicemember with a serious injury or illness is also used). Leave for birth and care, or placement for adoption or foster care, must conclude within 12 months of the birth or placement.

### Serious Health Condition defined:

"Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves either:

1. Inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical-care facility, including any period of incapacity (i.e., inability to work, attend school, or perform other regular daily activities) or subsequent treatment in connection with such inpatient care; or
2. Continuing treatment by a health care provider, which includes:
  - A. A period of incapacity lasting more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also includes:
    - 1) treatment two or more times by or under the supervision of a health care provider (i.e., in-person visits, the first within 7 days and both within 30 days of the first day of incapacity); or
    - 2) one treatment by a health care provider (i.e., an in-person visit within 7 days of the first day of incapacity) with a continuing regimen of treatment (e.g., prescription medication, physical therapy); or
  - B. Any period of incapacity related to pregnancy or for prenatal care. A visit to the health care provider is not necessary for each absence; or
  - C. Any period of incapacity or treatment for a chronic serious health condition which continues over an extended period of time, requires periodic visits (at least twice a year) to a health care provider, and may involve occasional episodes of incapacity. A visit to a health care provider is not necessary for each absence; or
  - D. A period of incapacity that is permanent or long-term due to a condition for which

Approved: May 2012 Reviewed: September 2014 Revised \_\_\_\_\_

treatment may not be effective. Only supervision by a health care provider is required, rather than active treatment; or

- E. Any absences to receive multiple treatments for restorative surgery or for a condition that would likely result in a period of incapacity of more than three days if not treated.

Intermittent Leave for "Instructional Employees":

Special rules apply if an employee employed "mainly in an instructional capacity" requests intermittent leave or leave on a reduced schedule because of his/her own serious health condition or the serious health condition of a parent, child, or spouse that is foreseeable based on a planned medical treatment and the employee would be gone for more than twenty percent (20%) of the working days during the period of leave. In such cases, the district may require the employee to do the following things:

1. Take leave for periods of a particular duration not to exceed the duration of the planned medical treatment.
2. Transfer temporarily to another position offered by the district for which the employee is qualified, as long as the new position has equivalent pay and benefits and better accommodates the recurring periods of leave.

An instructional employee who takes leave constituting less than twenty percent (20%) of the working days during the leave period would not be subject to transfer to an alternative position, or a requirement to be on leave for the duration of the treatment period.

An employee will be denied intermittent leave or leave on a reduced leave schedule to care for an immediate family member (spouse, child, parent) with a serious health condition or if the employee has a serious health condition, if:

1. The employee, whether requesting leave because of his/her own serious health condition or because of the serious health condition of a parent, child, or spouse fails to establish, through medical certification, that there is a medical need for such a leave (as distinguished from voluntary treatments and procedures or a continuous treatment schedule).
2. The employee, whether requesting leave for his/her own serious health condition or because of the serious health condition of a family member, fails to establish, through medical certification, that it is medically necessary for the leave to be taken intermittently on a reduced leave schedule.

Intermittent leave or a reduced leave schedule may not be taken for the birth of a child or for the placement of a child for adoption or foster care.

When intermittent leave or leave on a reduced leave schedule is requested based on planned medical treatment, the district also may alter an existing job to better accommodate the

employee's need for intermittent or reduced leave. The alternative or altered position must have equivalent pay and benefits.

#### End-Of-Semester Circumstances

In some circumstances, the district may require instructional employees to continue their leave to the end of the academic semester within the FMLA guidelines.

#### Maintenance Of Health Benefits

The district is required to maintain group health insurance coverage for an employee on FMLA leave whenever such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. If applicable, arrangements will need to be made for employees to pay their share of health insurance premiums while on leave. In some instances, the district may recover premiums it paid to maintain health coverage for an employee who fails to return to work from FMLA leave.

#### Job Restoration

Upon return from FMLA leave, an employee will be restored to the employee's original job, or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. An employee's use of FMLA leave will not result in the loss of any employment benefit that the employee earned or was entitled to before using FMLA leave, nor be counted against the employee under a "no fault" attendance policy. If a bonus or other payment, however, is based on the achievement of a specified goal such as hours worked or perfect attendance, and the employee has not met the goal due to FMLA leave, payment may be denied unless it is paid to an employee on equivalent leave status for a reason that does not qualify as FMLA leave. An employee has no greater right to restoration or to other benefits and conditions of employment than if the employee had been continuously employed.

#### Notice And Certification

Employee Notice: Employees seeking to use FMLA leave are required to provide 30-day advance notice of the need to take FMLA leave when the need is foreseeable and such notice is practicable. If leave is foreseeable less than 30 days in advance, the employee must provide notice as soon as practicable – generally, either the same or next business day. When the need for leave is not foreseeable, the employee must provide notice to the district as soon as practicable under the facts and circumstances of the particular case. Absent unusual circumstances, employees must comply with the district's usual and customary notice and procedural requirements for requesting leave.

Employees must provide sufficient information for the district reasonably to determine whether the FMLA may apply to the leave request. Depending on the situation, such information may include that the employee is incapacitated due to pregnancy, has been hospitalized overnight, is unable to perform the functions of the job, and/or that the employee or employee's qualifying family member is under the continuing care of a health care provider.

When an employee seeks leave due to a FMLA-qualifying reason for which the district has previously provided the employee FMLA-protected leave, the employee must specifically reference either the qualifying reason for leave or the need for FMLA leave.

**Employer Notice:** The district will post a notice approved by the Secretary of Labor explaining rights and responsibilities under FMLA. Additionally, the district will either include this general notice in employee handbooks or other written guidance to employees concerning benefits, or must distribute a copy of the notice to each new employee upon hiring.

When an employee requests FMLA leave or the district acquires knowledge that leave may be for a FMLA purpose, the district shall notify the employee of his or her eligibility to take leave, and inform the employee of his/her rights and responsibilities under FMLA. When the district has enough information to determine that leave is being taken for a FMLA-qualifying reason, the district must notify the employee that the leave is designated and will be counted as FMLA leave.

**Certification:** The district may require that an employee's request for leave due to a serious health condition affecting the employee or a covered family member be supported by a certification from a health care provider. The district may require second or third medical opinions (at the district's expense) and periodic recertification of a serious health condition. The district may use a health care provider, a human resource professional, a leave administrator, or a management official – but not the employee's direct supervisor – to authenticate or clarify a medical certification of a serious health condition. The district may have a uniformly-applied policy requiring employees returning from leave for their own serious health condition to submit a certification that they are able to resume work. If reasonable safety concerns exist, the district may, under certain circumstances, require such a certification for employees returning from intermittent FMLA leave.

## SUPPORT STAFF FAMILY AND MEDICAL LEAVE DEFINITIONS

- A health care provider as defined above who practices in a country other than the United States who is licensed to practice in accordance with the laws and regulations of that country.

In loco parentis-individuals who had or have day-to-day responsibilities for the care and financial support of a child not their biological child or who had the responsibility for an employee when the employee was a child.

Incapable of self-care-that the individual requires active assistance or supervision to provide daily self-care in several of the "activities of daily living" or "ADLs." Activities of daily living include adaptive activities such as caring appropriately for one's grooming and hygiene, bathing, dressing, eating, cooking, cleaning, shopping, taking public

transportation, paying bills, maintaining a residence, using telephones and directories, using a post office, etc.

Instructional employee-an employee employed principally in an instructional capacity by an educational agency or school whose principal function is to teach and instruct students in a class, a small group, or an individual setting, and includes athletic coaches, driving instructors, and special education assistants such as signers for the hearing impaired. The term does not include teacher assistants or aides who do not have as their principal function actual teaching or instructing, nor auxiliary personnel such as counselors, psychologists, curriculum specialists, cafeteria workers, maintenance workers, bus drivers, or other primarily noninstructional employees.

Intermittent leave-leave taken in separate periods of time due to a single illness or injury, rather than for one continuous period of time, and may include leave or periods from an hour or more to several weeks.

Medically Necessary-certification for medical necessity is the same as certification for serious health condition.

"Needed to Care For"-the medical certification that an employee is "needed to care for" a family member encompasses both physical and psychological care. For example, where, because of a serious health condition, the family member is unable to care for his or her own basic medical, hygienic or nutritional needs or safety or is unable to transport himself or herself to medical treatment. It also includes situations where the employee may be needed to fill in for others who are caring for the family member or to make arrangements for changes in care.

Parent-a biological parent or an individual who stands in loco parentis to a child or stood in loco parentis to an employee when the employee was a child. Parent does not include parent-in-law.

Physical or mental disability-a physical or mental impairment that substantially limits one or more of the major life activities of an individual.

Reduced leave schedule-a leave schedule that reduces the usual number of hours per workweek, or hours per workday, of an employee.

#### Serious health condition

- An illness, injury, impairment, or physical or mental condition that involves:
  - Inpatient care (i.e. an overnight stay) in a hospital, hospice or residential medical care facility including any period of incapacity (for purposes of this section, defined to mean inability to work, attend school or perform other

regular daily activities due to the serious health condition, treatment for or recovery from), or any subsequent treatment in connection with such inpatient care; or

- Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes:
  - A period of incapacity (i.e., inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from) of more than three consecutive calendar days, including any subsequent treatment or period of incapacity relating to the same condition, that also involves:
    - Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders or, or on referral by, a health care provider; or
    - Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider.
  - Any period of incapacity due to pregnancy or for prenatal care.
  - Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
    - Requires periodic visits for treatment by a health care provider or by a nurse or physician's assistant under direct supervision of a health care provider;
    - Continues over an extended period of time (including recurring episodes of a single underlying condition); and
    - May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).
  - A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's a severe stroke or the terminal stages of a disease.
  - Any period of absence to receive multiple treatments (including any period of recovery from) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).
- Treatment for purposes of this definition includes, but is not limited to, examinations to determine if a serious health condition exists and evaluation of the condition. Treatment does not include routine physical examinations, eye examinations or dental examinations. Under this definition, a regimen of continuing treatment includes, for

example, a course of prescription medication (e.g., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition (e.g., oxygen). A regimen of continuing treatment that includes the taking of over-the-counter medications such as aspirin, antihistamines, or salves; or bed rest, drinking fluids, exercise and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of FMLA leave.

- Conditions for which cosmetic treatments are administered (such as most treatments for acne or plastic surgery) are not "serious health conditions" unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, ulcers, headaches other than migraine, routine dental or orthodontia problems, periodontal disease, etc., are examples of conditions that do not meet the definition of a serious health condition and do not qualify for FMLA leave. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this regulation are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.
- Substance abuse may be a serious health condition if the conditions of this section are met. However, FMLA leave may only be taken for treatment for substance abuse by a health care provider or by a provider of health care on referral by a health care provider. On the other hand, absence because of the employee's use of the substance, rather than for treatment, does not qualify for FMLA leave.
- Absence attributable to incapacity under this definition qualify for FMLA leave even though the employee or the immediate family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

Son or daughter-a biological child, adopted child, foster child, stepchild, legal ward, or a child of a person standing in loco parentis. The child must be under age 18 or, if over 18, incapable of self-care because of a mental or physical disability.

Spouse-a husband or wife recognized by Nebraska law.

### SUPPORT STAFF UNPAID LEAVE

Unpaid leave may be used to excuse an involuntary absence not provided for in other leave policies. Unpaid leave for support staff must be authorized by the superintendent. Any unused Personal Leave days must be applied to such absences rather than including them as Unpaid Leave.

The superintendent shall have complete discretion to grant or deny the requested unpaid leave. In making this determination, the superintendent shall consider the effect of the employee's absence on the education program and school district operations, the financial condition of the school district, length of service, previous record of absence, the reason for the requested absence and other factors the superintendent believes are relevant in making this determination.

If unpaid leave is granted, the duration of the leave period shall be coordinated with the scheduling of the education program whenever possible, to minimize the disruption of the education program and school district operations.

Whenever possible, classified employees shall make a written request for unpaid leave 14 days prior to the beginning date of the requested leave. If the leave is granted, the deductions in salary shall be made unless they are waived specifically by the superintendent.

#### Staff Payments During Closure

In the event of inclement weather, a pandemic, or other unexpected or extraordinary circumstances, the Board of Education or the Superintendent may close school or a particular school building in order to protect staff and students from harm, and will establish a reopen date when it is safe to return. If such closure extends for a long period of time as determined by the Superintendent, then the Superintendent may implement procedures, agreements, or other requirements to compensate staff during a closure to ensure staff return to employment after the closure. The District may consistently pay staff according to District policies and procedures already established by salaries or wages.
